## Revised offer rejected by teacher committee

By BILL WINTER  
of the Press-Record

A revised offer by the Granite City school district was rejected last night by the Salary and Policy Committee, Local 743, American Federation of Teachers, school officials said.

A strike that began Aug. 27 is continuing. Today's scheduled faculty workshops have been postponed until tomorrow, and student attendance is to be scheduled for the next regular school day after the workshops are actually conducted.

WHEN THE NEXT negotiations will take place is not yet definite. Federal Mediator Charles Riley met with the two negotiating teams last night and will call the next session.

There is speculation that the bargaining talks could resume tomorrow.

A special meeting of the Board of Education was called last night for 7:30 tonight. "It will be about the negotiations, and we will go immediately into executive session," Supt. Frank Kraus said today.

HE INDICATED disappointment that, although the board and administrative team altered its proposals, "All were rejected by the teachers' committee."

Local 743 in an open letter to citizens today outlined "the issues which prevent the opening of schools this year. Rumors and misinformation are plentiful. Examine the facts:

"Teachers have agreed to return to work without a salary increase—again.

"THIS WOULD BE the third year that teachers worked for the same salary. Teachers understand the problems the school system is having, but we cannot work forever without a wage increase.

"We ask the Board of Education to assure that next year, 1985-86, teachers receive their first salary increase in three years."

Local 743 said it wants:

"A one-year contract.

"TEACHERS ASK that the board agree to seniority language which would provide specific layoff and recall procedures. This would cost the board nothing, but the board refuses.

"Layoffs and cutbacks have increased class sizes. As a result, discipline problems have increased.

"The union has presented contract language to provide procedures for handling disruptive students.

"THIS WOULD IMPROVE the educational program and make teachers more effective.

"It would cost the board nothing, but the board refuses.

"Teachers thank you for your support. With your help, these issues will be resolved and schools will open," the Granite City Federation of Teachers concluded in its open letter to citizens.

LARRY L. TALBERT, a member of the teachers' bargaining panel,

said Wednesday he believes it would be more accurate to describe a six percent salary proposal as an increment rather than a raise.

Supt. Kraus said during the weekend that Local 743 seeks to

change the 14-year salary schedule into 10 steeper steps while adding an 11th step effective after June 30, 1985.

The new step would add six percent as the base from which 1985-86

pay would be negotiated, Kraus said in interpreting the teachers' proposal.

QUALIFYING FOR the added increment would be 389 of the 422 teachers, since that many are at the

top of the salary schedule due to long service in the district, Kraus said today.

Talbert is one of 33 faculty

SHOW OF SOLIDARITY. Hundreds of teachers, members of American Federation of Teachers Local 743, join forces Tuesday at the Granite City School District Nine offices. The rally was staged to show the solidarity of the striking teachers. The

newest proposal by the school board was rejected by the union Wednesday night, but a federal mediator is to set a date for new talks, possibly Friday.

## Tax bills may be mailed next week

With printing of real estate tax bills tentatively set for late this week, mailing may occur next week, officials report.

Property owners will have 30 days to pay their first installment. The second and final installment will be due 30 days after that.

The process has been behind schedule for a number of years. In 1984, a quadrennial reassessment year, the cycle is several months behind schedule. Tax rates and

assessment totals were announced Aug. 16.

County Treasurer Mick Henkhaus and certain banks will be the only parties collecting taxes. Some of the townships also usually collect taxes but after Sept. 1 of each year they lack authority to do so.

Many taxing bodies have encountered cash-flow problems due to the lateness of the billing and have borrowed against future tax receipts.

## Levy of \$359,029 is approved by Venice

By VALERIE EYENDEN  
of the Press-Record

A \$2.2 million decrease in real estate assessments in Venice was reported to the Venice City Council by City Attorney Lawrence Hartman during a public hearing on the 1984 tax levy Tuesday night.

"This (the proposed tax levy) is not the amount of money we are going to get," the attorney warned,

discussing the effect of the lower assessment figure with concerned council members, "but it goes along with (lower) assessments in many other communities in the county."

"HOWEVER, the assessed valuation went down and the same amount of tax money will not be produced. We may see about a \$40,000 difference," Hartman advised city

## MESD to hike sewer rates in November

By SUSANNE INDELICATO  
of the Press-Record

City officials whose communities are served by the Lansdowne Sewage Treatment Plant will receive notification by mail this week that sewage treatment rates will be raised by 350 percent in November.

The Metro-East Sanitary District Board Wednesday authorized Board President and Executive Director Walter "Shang" Greathouse to mail the notification letters to officials in Madison, Venice, Brooklyn, National City, Washington Park, Caseyville, Fairmont City, East St. Louis and Stites and Canteen townships. Such notification is required before the rate increase can be put into effect.

GREATHOUSE told the district's board that the rate increase will become effective this November and will be included on the January billing.

More than 6,800 customers are

served by the Lansdowne plant and, of those, 49 percent currently pay a minimum bill of \$1.95 per month. The new ordinance raises that to a minimum of \$5.82 per month and will provide for bi-monthly billing, instead of the current quarterly billing.

Greathouse has said that the rate increase will enable the MESD to raise the \$1.5 million needed to tie in to a regional treatment system in two years. The additional \$4 million cost of such a project would come from a state grant.

THE ILLINOIS Environmental Protection Agency has cited the Lansdowne Treatment Plant in the

past for improper operation and maintenance. The plant provides for primary treatment of effluent.

At the time of the citation, the state told the MESD that it could either build a new plant with primary and secondary sewage treatment at a cost of \$11.2 million or join a regional system that would be serviced by the Granite City sewage treatment facility at a cost of \$5.5 million. The MESD has opted for the least expensive alternative, with 75 percent of the expense covered by grants.

Greathouse also told the board Wednesday that the rate increase would bring Lansdowne sewage

treatment rates in line with those of neighboring districts, such as Granite City, which now charges approximately \$6 per month for sewage treatment services.

HE ADDED that delinquent accounts are still a problem for the district—a problem he would like to alleviate. "When the new ordinance goes into effect, I'd like to find some way to start clean. When I bring you a figure (the total amount of overdue accounts), I'd like to wipe out all penalties on it."

In other business Wednesday, the board discussed a request from Granite City Township Attorney

## Pay hikes for GC workers

By SUSAN SIGNAIGO-WEICH  
of the Press-Record

Granite City, aldermen Tuesday night approved six percent increases in pay for city hall workers and employees of the city's sewage treatment plant. The move has left both worker groups dissatisfied.

Peggy Keltner, president of the White Collar Chapter of Local 799 (city hall workers) said yesterday she is "not exactly happy" with the increase. She said the raise is the same as was given to the policemen and firefighters, but it represents a much smaller dollar increase to her workers because of their lower salaries.

"WE WERE REALLY seeking a flat dollar amount for everyone," she said. "A six percent increase represents a lot more to the firemen and policemen because their base salaries are a lot higher than ours," she told the Press-Record.

Mrs. Keltner said her group met with the city's negotiating committee about three times in the last

month to discuss the pay increase. "I'm not surprised by the amount that they did award us, though," she said. "We expected we would get the same as the other groups."

The increase for the two groups is retroactive to May 1983. The six percent from last year will be paid to the workers in a lump sum and the increase will be added to the base salary of the workers for Fiscal Year 1984-85.

WORKERS WILL start negotiations for Fiscal Year 1984-85 in January of 1985.

Neither of the groups had been given an increase for three years.

David Young, president of the International Union of Operating Engineers Local 525 (sewage treatment plant workers) said that, despite the ratification by the workers of the increase, he is not "happy" with it either.

YOUNG SAID the group had been seeking a six percent increase, but it was to be paid in the last six months of the contract. "Many of the aldermen mistook this for a 12 percent increase, but it was not," he said.

He conceded that he is appreciative, however, that his group did get the raise. "It is an increase and it did have some retroactivity to it," he said.

Young noted his group reached a tentative agreement with the negotiating committee last Wednesday. "It was just a matter of the council approving it from there," he said.

MRS. KELTNER said her group ratified the increase in a meeting Thursday. "The girls voted to accept it. There was nothing else we could do," she said.

ALL ABOARD! The second group of senior citizens to take a hayride through Granite City boards two tractor-drawn wagons outside the Granite City Township Hall Wednesday evening. More than 350 senior citizens participated in the township-sponsored hayride and dance at the hall. A winner roost preceded the wagon rides through the city, which were provided by the Granite City Park District.

### deaths

We are pleased to report that there have been no known deaths of Quad-City area residents or former residents since Tuesday's Press-Record.

### weather

Scattered showers today, becoming sunny this afternoon. Fair, gusty and mild tonight with a low near 70. Sunny, windy and hot Friday with a high in the upper 90s and a low in the 70s. Mild this weekend with a chance of thundershowers. Weekend highs in the upper 70s to low 80s and lows in the upper 50s to upper 60s.

# GC board to review construction permits

The Granite City Board of Appeals on Wednesday, Sept. 12, will discuss four petitions for construction permits including a request by McDonald's Restaurant to add an atrium to their property.

The restaurant, located at 1413 Johnson Road, plans to build the addition eight feet from the front property line.

Other petitions include one from Ed Rostecki of 2220 Cardinal Ave., who is requesting construction of a 21-by-36-foot garage to be built one foot from the side property line.

Stanley Hoffman of 2029 Clark Ave., is requesting permission to construct a 15-by-25-foot carport. The structure is to be built three feet from the side property line.

The final request is from Cleo Angelloff of 1715 Mitchell Ave., who wishes to construct an 18-by-22-foot garage, one foot from the side property line.

The meeting will convene at 1:15 p.m. in the Mayor's Conference Room at City Hall, 2000 Edison Ave. Recommendations of the board must be ratified by the city council.

## Half century of service by German school here

(Old Six Mile Historical Society)

On June 28, 1984, a gathering of 14 pioneer local Christians assembled at the Ben Wood School, three miles east of Granite City, to organize a congregation for German Protestants of this area.

Immediately after the congregation had been organized, the founders began to make plans to build a house of worship.

HENRY RUWISCH gave two acres of land for a site for the new church, and 156 persons contributed \$1,056. The church was completed in 1863 at a cost of \$1,062.

The Rev. Wilken was the first pastor. During his pastorate, a parsonage was built in 1864.

Because the German families preferred instruction for their children in their own language, religion and customs, they established a parochial school in 1866.

St. John Parochial School's history extends from that year for a span of more than a half-century.

**THE FIRST FACULTY** member, Mr. Juennemann, was hired to be the teacher of the elementary subjects. For this work, he received \$40 a month.

The confirmations continued to be taught by the pastor. Since shortened, this religious teaching consumed the entire day.

In those early years, the 1860s and 1870s, the school classes were held in the church and in the parsonage. The pupils paid \$8 for instruction during the term, which lasted from October to Easter.

BY 1880, the church's membership had grown so large that a new sanctuary was built. The old church was torn down and this lumber was used for the first schoolhouse.

Constructed in 1881, the school building was 24x75 feet in size and cost \$1,334 to build.

After 1912, the elementary school was discontinued when the boys and girls of German descent began to attend the rural schools in the neighborhoods. But the confirmations still attended school on an all-day basis.

Some of the confirmations traveled long distances on horseback due to the bad road conditions in winter-time.

A LONG BARN was built in the church yard near Nameoki Road. There, the youngsters' horses could be fed and provided with water during the day.

Some children roomed and boarded in the near vicinity of the church. As many as eight students worked and resided with the pastor at a time.

Mrs. Sophia Gieszelmann often told friends of some of her experiences while living at the parsonage as a child.

SHE HAD TO WASH clothes, iron them, bake bread, make butter, clean chickens and, sometimes, milk the cow—in exchange for her room and board.

When comments were made in more recent years that "you had to work very hard," she answered, "I hope to tell you I worked hard."

All instruction as well as the church services were in the German language.

**FULL ADHERENCE** to the ancestral language continued here until 1918, and there were both German and English services for a number of years afterward.

Even today, there are occasions when a hymn is sung in German at St. John United Church of Christ (Evangelical and Reformed) in Granite City.

## Three promoted by the sheriff

Three promotions, all effective Sept. 1, have been announced by Madison County Sheriff Emil Tofant.

Louis Colone Jr., a sergeant serving as a shift supervisor in the Jail Division, has been promoted to the rank of lieutenant and is assigned as the assistant superintendent of the Madison County Jail. Lt. Colone resides in Collinsville.

Sgt. Dennis L. Fischer, chief of detectives for the sheriff's department, has been promoted to the rank of lieutenant. Lt. Fischer will continue in his capacity as chief of detectives. He is a resident of Wood River.

Jail Officer David Ueberich has been promoted to the rank of sergeant. Sgt. Ueberich will be assigned as a shift supervisor within the Jail Division. He is a resident of Madison.

## Back pain relieved through YMCA class

The YMCA's Way to a Healthy Back class is designed for people with lower back problems. It's an exercise class that emphasizes relaxation, flexibility and strengthening of key postural muscles.

National studies conducted by the "Y" say that 80 percent of class participants show improvement or complete relief of back discomfort.

The next session of the class begins Sept. 18. Classes will be held for six weeks on Tuesdays and Thursdays from 6 to 7 p.m.

Participants in the class will receive a cassette tape and exercise booklet. For more information, interested persons may call 876-7200.

## Levy

(Continued from Page 1)

aldermen and a few members of the general public attending the public hearing.

The new assessment figures were released last month by Madison County Clerk Evelyn Bowles.

The Venice assessment of one year ago, \$19,283,576, was reduced to \$17,047,322, the attorney said.

"WHO ARE we losing, or where is this money coming from that we're losing?" Second Ward Alderman Hank Svezia questioned.

"I can't tell you where it (the decrease) is coming from, but it's happening all over," Hartman said.

"If the Conalo dispute would turn out in our favor one of these years, the situation would improve," the lawyer commented. "The Conalo firm has protested tax assessments for many years."

**REGARDING** The Conalo dispute, Venice Mayor Tyrone Echols said the state estimated the company's assessment at \$23 million, while the Conalo attorneys have come up with the figure of \$1 million.

"I sympathize with them and I do

think the state figure is excessively high, while Conalo's (figure) is excessively low," the mayor added.

Explaining that the 1984 tax assessment figure was only received in late August, Hartman said he had to estimate the amount for the new tax levy at \$19 million.

"WE WON'T know until sometime next summer what the assessment will be for 1984," he added.

Hartman said the city's tax rates are not expected to go higher next year, since all funds are at their legal maximum rate, other than the Illinois Municipal Retirement and Bonds and Interest funds.

Venice city rates for each \$100 of assessed valuation for the 1983 tax year (collectible this summer) are up 7.9 cents and now total \$1.876, Hartman said.

**INCREASES** in tax rates also were reported for Pontoon Beach, up 31.1 cents, Madison, up 22.3 cents, and Granite City, up 19.3 cents.

The total tax levy authorized at Tuesday night's council session, following the public hearing, amounted to \$359,029.

## Rate hike

(Continued from Page 1)

William Schooley that it join several other entities in reappraising the value of Granite City Steel Division of National Steel Corporation.

Greathouse said the steel company has appealed its property assessment value in an attempt to have the assessment greatly lowered.

Several entities which receive property tax revenues want to fight the appeal so additional revenues will not be lost, he said. If the MESD helps other governmental entities finance a reappraisal of the com-

pany's property, the cost to MESD would be in proportion to the percentage of property tax revenues MESD receives. He estimated that cost at about \$2,800.

**BUT** MESD Board Member David Bergfield objected to MESD's participation in the proposed reappraisal. "Let the auditor's office pay it. We're not the ones responsible for appraisals. We'll end up involved in all appraisals. Once we do this, we have agreed to pay for reappraisal," he stricken.

## Strike

(Continued from Page 1)

members not yet at the top of the schedule.

The 33 will move up one level this fall, if and when classes begin, and will receive their scheduled salary increments for 1984-85. Also, those among the 33 not yet at the top of the schedule a year from now will get

another increment for 1985-86, Kraus said.

**MRS. SHIRLEY STOLL**, Local 743 president, says the lack of an audit promised by the school district was one of the factors delaying teachers' analysis of school finances during the summer. Talks began in May.

Last year, a tax levy of \$361,738 was approved by Venice aldermen for collection in 1984.

**APPLYING** the extended rate of \$1.876 per \$100 assessed evaluation, Hartman estimated this year's tax revenue, for which bills have not yet been received by residents, should generate about \$319,034. The figure, however, is based on full collection, which never happens, he cautioned.

Amounts levied in the various funds this year (with the 1983 figures in parentheses) are:

**GENERAL**, \$63,270 (down from \$69,520); street lighting, \$19,000 (down from \$21,000); police protection, \$28,500 (down from \$33,600); audit, \$3,350 (same); street lighting, \$8,500 (down from \$10,500); fire protection, \$28,500 (down from \$31,500); garbage collection, \$38,000 (down from \$42,000); police pension fund, \$63,877 (up from \$44,486); public library, \$28,500 (down from \$31,500); IMRF, \$54,012 (same); school crossing guards, \$3,800 (no figure); and bonds and interest, \$17,850 (estimated the same).

Board Member Robert Bergman noted that the MESD has no funds budgeted for such a reappraisal, but Member Russell Robinson said he has been keeping informed of assessment appeals and he is concerned. "The different entities have to kick-in the money (for a reappraisal), or they (the state property tax board of appeals) are going to lower the thing."

The MESD board tabled action on the request until its next meeting, Tuesday, Sept. 11.

Another factor cited is that a member of the Board of Education who serves on the district's negotiating committee has acknowledged that he made an offer to Local 743 that lacked substantiation from the full board.

City Attorney John Papa said that the amendment presented was only one part of the actual soliciting ordinance. "The other portions of the ordinance define what solicitation is," said Papa. "This is referring to groups who are seeking monetary gain."

Aldermen will consider the amendment for final passage at the Sept. 18 meeting.

keep Granite City under a glass. We're not letting our residents know what's going on."

Mrs. Perjak added that she feels she may not legally be able to campaign for office if the amendment passes because she works during the allowed hours for solicitations.

Alderman Paul Fisk agreed with Mrs. Perjak. Fisk said he feels the amendment also would affect visitation programs by various churches who have been missing from church services recently.

Fisk also said that he does not need help to get rid of solicitors. "I don't know about you, but if I don't want to talk to someone that comes to my door, I tell them to go on their way," he said.

Alderman Sam Whitmer said the amendment was brought in because the current law allows solicitation to

go on too late. He assured aldermen that only sales solicitors would be affected by the amendment. "The police aren't going to bother any political candidate from either party or any church groups," he said.

Alderman Lloyd Bailey contended that the last time he campaigned for office, he was confronted by a police officer at 8:35 p.m., who told him that he would have to stop, because of the ordinance. "I don't know who called him, but somebody wanted me to stop," he said.

City Attorney John Papa said that the amendment presented was only one part of the actual soliciting ordinance. "The other portions of the ordinance define what solicitation is," said Papa. "This is referring to groups who are seeking monetary gain."

Aldermen will consider the amendment for final passage at the Sept. 18 meeting.

## Council debates cutting solicitation hours

Granite City aldermen placed an amendment on first reading Tuesday night which would change the hours of lawful solicitation in the city.

According to the amendment, persons soliciting door-to-door will only be allowed to do so from 1 to 6 p.m. on weekdays. Solicitation will not be allowed on Sunday or on any state or national holiday.

The current law allows solicitation from 9 a.m. to 6 p.m. on weekdays. Although the measure was only placed on first reading, several aldermen said they are not in favor of it.

Alderman Sharon Perjak asked why the amendment had been brought in. "I understand this was brought in to deter the Political Action group," she said. "I don't think that group can be all bad—they must do some good things. This amendment is ridiculous. We're trying to

## Sodko attending savings convention

Paul F. Sodko, president of Madison County Federal Savings and Loan, is attending the Illinois League of Savings Institutions' 105th annual convention, today through Sunday in Hilton Head, S.C.

Heading a list of speakers will be U.S. Rep. Henry J. Hyde (R-Ill.) Hyde, a senior Illinois congressional spokesman, is scheduled to address the convention delegates Saturday morning.

In addition to Hyde, several other prominent officials will address the convention. Scheduled to appear are: William Schilling, director of the Federal Home Loan Bank Board's Office of Examinations and Supervision; Roy Green, executive vice president of the U.S. League of Savings Institutions, who will discuss the question, "Do Washington and Profitability Relate?"; Leo B. Blaber Jr., President of the Federal Home Loan Bank of Chicago, who will report on regulatory and other developments relating to the savings association business; and Paul Downing, Illinois commissioner of savings and loan associations, who will examine profitable opportunities available to

associations from a regulator's perspective.

Topics to be covered during the three-day conference include: state and federal legislation, strategic planning, valuation analysis, mortgage-backed securities, real estate brokerage, real estate investments, adjustable rate mortgages and the future course of the financial services industry.

The groups visit parishioners who have been missing from church services recently.

Fisk also said that he does not need help to get rid of solicitors. "I don't know about you, but if I don't want to talk to someone that comes to my door, I tell them to go on their way," he said.

Alderman Sam Whitmer said the amendment was brought in because the current law allows solicitation to

go on too late. He assured aldermen that only sales solicitors would be affected by the amendment. "The police aren't going to bother any political candidate from either party or any church groups," he said.

Alderman Lloyd Bailey contended that the last time he campaigned for office, he was confronted by a police officer at 8:35 p.m., who told him that he would have to stop, because of the ordinance. "I don't know who called him, but somebody wanted me to stop," he said.

City Attorney John Papa said that the amendment presented was only one part of the actual soliciting ordinance. "The other portions of the ordinance define what solicitation is," said Papa. "This is referring to groups who are seeking monetary gain."

Aldermen will consider the amendment for final passage at the Sept. 18 meeting.

Fisk also said that he does not need help to get rid of solicitors. "I don't know about you, but if I don't want to talk to someone that comes to my door, I tell them to go on their way," he said.

Alderman Lloyd Bailey contended that the last time he campaigned for office, he was confronted by a police officer at 8:35 p.m., who told him that he would have to stop, because of the ordinance. "I don't know who called him, but somebody wanted me to stop," he said.

City Attorney John Papa said that the amendment presented was only one part of the actual soliciting ordinance. "The other portions of the ordinance define what solicitation is," said Papa. "This is referring to groups who are seeking monetary gain."

Aldermen will consider the amendment for final passage at the Sept. 18 meeting.

Fisk also said that he does not need help to get rid of solicitors. "I don't know about you, but if I don't want to talk to someone that comes to my door, I tell them to go on their way," he said.

Alderman Sam Whitmer said the amendment was brought in because the current law allows solicitation to

go on too late. He assured aldermen that only sales solicitors would be affected by the amendment. "The police aren't going to bother any political candidate from either party or any church groups," he said.

## Workshop Monday on small business finance

According to Rod Wilhelm, operations manager of the Southwestern Illinois Areawide Business Development Finance Corporation, "If more loan officers, real estate developers, contractors, and business owners were aware of the excellent benefits available through the Small Business Administration's 503 Loan Program, more development would be taking place now."

To increase awareness in the business community, the SIABDFC, in conjunction with the Greater Alton Chamber of Commerce, is planning a workshop on the SBA 503 Program. The workshop will be at Lewis and Clark Community College on Monday, Sept. 10, from 1:30 to 3:30 p.m. in the Faculty Dining Room.

Speakers will include Paul Utterback, president of the Bank of Alton, one of the first bankers in Madison County to utilize SBA 503 financing. He will discuss the advantages the program offers private lenders.

"Since becoming an SBA 503 Certified Development Company in December 1982 the SIABDFC has utilized the SBA 503 Program to

create nearly 400 jobs and leverage nearly \$10 million in small business financing," Wilhelm said.

"The standard formula for an SBA 503 project," Wilhelm explained, "is 50 percent of the project financing comes from a bank or regulated private lender and 10 percent comes from the business owner. The remaining 40 percent is financed by the SIABDFC through the sale of SBA guaranteed debentures to the Federal Financing Bank," he explained.

SIABDFC financing is available for a term of 15 to 25 years. The competitively priced interest rate is tied to Treasury Bonds and fixed for the term of the loan.

"The advantage of this type of financing to the small business," according to Wilhelm, "is the long term of the loan, the reasonable fixed interest rate, and the low down payment."

"The advantages available to the

private lender are also significant," he said. "First and most importantly, while the bank's exposure is limited to 50 percent of the project, it receives first position on 100 percent of the assets. Secondly, the lender is able to assist commercial customers in obtaining financing that otherwise would not be available."

There is no registration fee for the workshop, which is the first of several to be offered by the SIABDFC throughout Bond, Clinton, Monroe, Madison, St. Clair, Randolph and Washington Counties.

All persons involved in commercial financing, development or expansion are invited to attend. Reservations may be made by contacting the Greater Alton Chamber of Commerce at 1-463-6676.

Further information regarding the SIABDFC and the SBA 503 Program are available by calling 344-4080.

## Traffic study okayed for Emert Avenue

Members of the Granite City Council approved a request Tuesday night to have the city's engineering department perform a traffic study on Emert Avenue.

Alderman Woodrow "Woody" Moad told members that the traffic on the street continues to increase, despite the deteriorating condition of the road. Moad added that the street has no sidewalks.

Moad will meet with the city engineers this week to discuss details of the study.

## Warning doesn't squelch city quest for Lotto funds

Despite a warning from Illinois Gov. James R. Thompson, Granite City Alderman Casmer Skubish said he still intends to present a resolution to the Illinois Municipal League which would give cities a cut of money spent on the Illinois State Lottery.

In a St. Louis Post-Dispatch article last weekend, Gov. Thompson said he would be against changing the state lottery law to accommodate cities. He suggested that this would cause other state groups to also seek part of the fund, further depleting state money.

Skubish said this warning will not

discourage his efforts to get a cut of the money for cities. "The need for this revenue in the cities is there," he said. "And I think the need is critical."

Skubish cited the present financial difficulties of the Granite City School District and the need for new city equipment as proof of his statement.

"I realize that the governor has the right to veto any bills that might come as a result of the Illinois Municipal League Conference, but I think the resolution would still go through if there were support from enough cities," Skubish said.

"I can't say as I would blame the governor for wanting to delay or discourage such a resolution," he said. "Naturally he wants to keep all of the money for the state."

Skubish said he thinks cities should get a cut of the record lottery sales because local residents are spending part of their salaries on these tickets, and taking their money away from purchased goods that have a city tax applied to them.

"I'm not saying I'm opposed to the lottery. I'm just saying the cities should get part of the money," he said. "This warning will not stop the city from drawing up a resolution."

## Confusion over tax levy causes delay

Due to questions and confusion surrounding the 1984-85 tax levy, Granite City aldermen voted Tuesday night to delay final passage of the measure. A special meeting has been called for 7 p.m. next Tuesday to give final approval to the tax levy.

The site of the meeting is to be announced.

The levy (the amount to be raised by taxation next summer) now appears to be the same amount appropriated last year—\$2.8 million—but City Comptroller Joe Miklovic could not confirm this since he was serving jury duty Tuesday.

However, Miklovic did send a communication to the aldermen

which explains some points of the levy.

According to the letter, the levy only reflects budgeting for one year on the policemen's and firefighters' pension increase.

"The levy also includes no air pollution monies and there are no major equipment acquisitions being budgeted."

Neither does the measure include raises for elected officials.

The one item on Miklovic's communication that caused some concern was a statement that the levy reflects a reduction in sewer break costs as a "squeeze figure" to avoid an increase in the levy.

"What does that mean?" asked Alderman Michael Modrusil, referring to the "squeeze figure" reference.

Mayor Paul Schuler replied that he was not sure, but could not answer the question at the special meeting.

The mayor also stood firm on his promise that the levy will not represent a tax increase to Granite City residents. In fact, Schuler said this year's proposed tax levy is \$2,800 lower than the previous year. "This reduction won't amount to a hell of a lot to the taxpayer," he said. But he added that the final tax rate should be very close to that of last year.

### MAN IS CHARGED AFTER ALLEGED GUN THREAT

Angelo Jones, 37, of 1122a Logan Ave., Venice, was charged with unlawful use of a weapon, failure to have a firearm owner's identification card, criminal trespass to property and driving with a suspended license during the weekend after he allegedly accosted a woman with a gun.

MacElla Chatman of 1124 Douglas Ave., Venice, told Venice police that Jones entered her home after she refused him permission to enter. Chatman was allegedly carrying a small handgun. Mrs. Chatman escaped harm by running to a neighbor's home and calling police.

### TWO PEOPLE HURT ON WESTMORELAND

David R. Williams, 22, of 2558 Parkview Drive, and his passenger, Julie Williams of the same address, sustained injuries and were taken by ambulance to St. Elizabeth Medical Center, following an accident last week in the 2600 block of Westmoreland Drive.

Williams' pickup truck was traveling south around a curve when struck by an auto coming in the opposite direction, operated by Yvonne M. Dagon, 18, of 2228a Benton St., reports said.

## Dismissed employee gets position back at MESD

An employee of the Metro-East Sanitary District was reinstated to his post Wednesday after MESD President and Executive Director Walter "Shang" Greathouse fired him Aug. 14 and then admitted Wednesday that there had been a "misunderstanding."

Greathouse told the Press-Record that he had fired the employee a day before Greathouse left for a two-week vacation in California. "I was under the impression that he had taken some gasoline without authorization, and I fired him," Greathouse said.

But after meeting with the employee Wednesday morning, Greathouse said the gasoline incident was part of a misunderstanding. Greathouse explained that because several MESD vehicles

were out of service due to repairs, the employee was using his personal vehicle to transport workers to work sites. The employee, Greathouse related, thought he had permission to use gasoline purchased by the MESD because of earlier, similar circumstances.

Greathouse said he saw the employee taking gasoline into his personal vehicle and decided to fire him, but he admitted Wednesday, "Evidently, I've made a hasty decision. If I did something wrong, I'm a big enough man to back up on it, but if someone takes gasoline...they're gone."

Since the incident, Greathouse has firming up MESD policies concerning the use of personal vehicles—no one is to use a personal vehicle for MESD work.

## Church sodality hosts shower for mothers

The St. Elizabeth Church Ladies' Sodality conducted a layette shower in the church cafeteria last week. The gifts will provide expecting mothers at the Alpha House with items for their new babies.

After this meeting, prizes were awarded to the following members: Marsha Chomko won the attendance prize. Norma King won the Madonna and Lee Reilly won the quilt of the month.

Upcoming events for the group include: a food drive during the month of October that will aid Project Help, a service of the United Way, and the annual Fall Dance scheduled for Saturday, Oct. 6. Tickets for the church dance are \$8 a couple.

## Church youth group to meet this Saturday

The Youth Temperance Council will meet at 7 p.m. on Saturday, Sept. 8, at the Dewey Avenue United Methodist Church, Dewey Avenue and 22nd Street.

The Rev. Vernon Brown, pastor of the church, stresses that this is an interdenominational group. Any youth age 13 to 21 is invited.

For more information, interested persons may call 432-2767.

### TAKE TRUCK FROM LOT

Charles Knott, 1221 Twenty-Second St., reported last week that his 1979 black and orange Chevrolet Lub pickup truck was stolen from the 14th Street side of the Steel Inn parking lot, 1369 Edwardsville Road. The vehicle has "4x4" marked on the hood.

## Hearing on \$9.5 million tax levy for GC schools

By BILL WINTER of the Press-Record

The Granite City Board of Education on Tuesday night scheduled a public hearing on a \$9.5 million tax levy for 7:30 p.m. Tuesday, Sept. 25. The hearing will be conducted in the board meeting room at the District Nine administrative offices, 30th and Adams streets. The same time, date and place have been set for a hearing on the amended 1984-85 budget.

EXCEEDING 105 percent or more of the 1983 levy of \$8,732,708, the proposed 1984 levy requires a hearing under Illinois law.

The levy may or may not result in a tax rate decrease, but a decrease is shown because the district has allowed for a bigger than expected realty assessment rise, Finance Director Norman Owca said.

A resolution approved by a 7-0 board vote Tuesday related that the board has prepared "a proposed amended tax levy for the year 1984 (1985 collection)."

"ON JAN. 9, 1984, the board passed a 1984 tax levy in the amount of \$9,987,723 at a rate of \$3.45. (This was done to enable second-year tax anticipation borrowing.)"

"If the proposed amended levy is adopted and approved, the 1984 amended tax levy will be \$9,533,831 at an estimated rate of \$3.4107. (Rates were \$3.45 for 1982 and \$3.49 for 1983.)"

"The sum exceeds by more than five percent the 1983 levy of District

Nine, \$8,732,708. (The increase would be 9.17 percent.)"

"UNDER AN ACT to provide procedures for public notice and hearing on tax and levy increases, House Bill 1048, adopted by the General Assembly and approved by the governor effective July 27, 1981, the Board of Education cannot adopt said amended tax levy unless and until it has called and held a public hearing on its intent to levy an increase in tax."

The levy will be placed on public display at the school office starting Sept. 13. Owca said Tuesday night a levy breakdown by major funds has not yet been completed.

Actual levies were \$8,916,609 for 1982 and \$8,732,708 for 1983, he reported.

"BECAUSE OF uncertainty over what the assessed valuation total will be next year," Owca told the Press-Record, "the levy assumes an assessment increase, which decreases the potential tax rates for tort immunity and the Illinois municipal retirement fund."

If assessment remains stable, a levy increase could increase the tax rate in any fund not yet at its rate limit.

However, most rates are at their authorized maximum. Among the few exceptions are the tort and retirement rates, which can rise to provide funds required for worker compensation, unemployment insurance, liability insurance and employee pensions.

## Allen rates Weber low in his performance

Madison County State's Attorney Don Weber is below average in performing his duties, according to Richard "Dick" Allen.

Democratic Allen is running for the county's top prosecutorial job Nov. 6 against the incumbent, Republican Weber.

Allen, a Granite City lawyer, says, "I believe the police agencies themselves, not the state's attorney, are principally responsible for crime rate reduction."

"My review of crime statistics and the finances of our county's police departments indicates that our policies are doing a fine job—particularly in light of the severe economic pressures experienced during the Reagan years."

"Mr. Weber insists that crime rate statistics are indicative of the quality of a prosecutor's performance. Let's take a look at the bottom line statistic, the countywide crime rate as defined and compiled by Republican Gov. Thompson's Illinois Department of Law Enforcement."

"The crime rate is a per capita statistic used for comparison and derived from the crime index. The index indicates the amount and extent of serious crime as defined by the Illinois Department of Law Enforcement, Division of Support Services, Bureau of Identification, and can be used to determine and compare the amount of serious crime in Illinois and its subdivisions."

"What do these statistics tell us about serious crime during Weber's first three years in office?"

"1. Madison County ranks a dismal 12th out of 17 in crime rate reduction for Illinois counties out of Cook County with populations of more than 100,000."

"2. The average Illinois state's attorney has experienced a greater crime rate reduction in his county than has Weber."

"3. Weber does not even rate in the top half reducing crime in the Illinois counties with populations of more than 100,000."

"Madison County fared no better from 1982 to 1983. We dropped a notch, from 12th to 11th, when compared to the other 16 counties with six-figure populations."

"We dropped from 12th to 13th, when compared from nine percent to 30 percent below the statewide average for reduction in crime."

"If we assume, as Weber wishes, that these statistics measure the effectiveness of a prosecutor, then they irrefutably lead us to an obvious conclusion."

"That Weber, whether measured against other counties or against the state, is below average in his performance as Madison County state's attorney."

"I believe the people deserve an above-average state's attorney, which they have not had for the last three and a half years," Allen concluded.

Among the survivors are his wife, Mrs. Elsie Staaf, and two sisters, Mrs. Richard (Clara) Krause of Venice and Mrs. Carol Buchta of Edwardsville.

Visitation begins at 4 p.m. Friday at Weber Funeral Home, 304 N. Main St., Edwardsville, where services will take place at 1 p.m. Saturday, Sept. 8, with the Rev. Herbert Stenier officiating. Burial will be in Oaklawn Cemetery, Glen Carbon.

## Clinton cost could reach \$3.4 billion

The governor's Office of Consumer Services said last week that it has filed testimony from consultants before the Illinois Commerce Commission (ICC) which states that the Power Company's Clinton nuclear power plant construction costs could reach \$3.4 billion.

Expert testimony filed on behalf of the village of Buffalo specifically addresses the economic reasonableness of continuing to build Clinton. The issue now before the Commission in Part I of these hearings.

Based upon a detailed review of

IP's construction records, IP's own engineering consulting reports and an on-site audit of key activities at the plant, the testimony of MHB Technical Associates of California on behalf of the village of Buffalo indicates IP's Clinton costs will rise substantially above IP's current estimate.

"The MHB testimony identifies likely extra cost items alone representing an additional \$400 million and \$600 million, which will raise the total capital cost of Clinton to between \$3.25 billion and \$3.45 billion, delaying construction through

September 1987," Alvin Grandys, director of GOCS said.

Equally disturbing is the failure of IP to fully implement its own consultants' recommendations which were made by Ebasco to aid management in completing Clinton in a timely fashion," Grandys added.

Illinois Power has numerous management-related deficiencies that have the potential to detrimentally affect its ability to complete the construction of Clinton on schedule and within budget," he said.

Additional expert testimony, filed

on behalf of the village of Buffalo by Dr. Robert Logan, indicates that the economic benefit continuing to build Clinton at this time is zero or negative. Logan's analysis indicates that cancellation of Clinton is still economically feasible today.

If Clinton is not canceled, Logan recommends that the ICC, at a minimum, disallow any of the expenditures based upon the regulatory principle that ratepayers shall pay for no portion of Clinton's costs, ratepayers would be protected from an uneconomical plant.

## GC Park Board sets bond issue at \$1.2 million

The amount of the Nov. 6 bond issue to finance the proposed swimming pool in Wilson Park was set at \$1.2 million by the Granite City Board of Park Commissioners last week.

The figure the board agreed upon is \$139,000 less than the architect's estimate of the project, and was arrived at by eliminating several line items in the proposed construction budget.

Cut from the estimated budget submitted to the board by Hastings and Chivetta, architects and planners, were the leasing of the existing parking lot adjacent to the ice rink. This was estimated at \$25,000. Another \$35,000 was trimmed by eliminating a proposed stainless steel gutter included in the preliminary plans.

As a result of these cuts, several other line items were subsequently reduced. Reductions include architect-engineer fee from \$77,600 to \$73,100. This fee is based upon seven percent of the construction cost. Also reduced was the bond issue charges from \$16,700 to \$15,675, based upon a one and one-half percent rate. A charge of \$1,000 for advertising also was eliminated.

The largest single reduction in the pool construction cost was in the contingency fund. The architects had set the fund at 10 percent of the total cost, but the board lowered the rate to five percent. This lowered the dollar amount of the contingency fund from \$121,732 to \$57,154, a savings of \$64,578.

The cuts made by the board to lower the new pool cost to \$1.2 million in no way affect the size or integrity of the project, the commissioners were assured by Board President George Sykes.

The final total of the pool construction cost is the same figure used by the board during three public hearings conducted earlier this summer.

Sykes suggested having another public hearing before the Nov. 6 balloting to explain the details of the proposed facility.

Commissioner Barry Lohan was the only board member to comment negatively about the proposed public hearing.

"I think you're wrong about this, George (Sykes)," Lohan said. "We've been above board with this. We've had three meetings before and it's been in the (news) paper all along. What purpose would it serve?"

Commissioners Nancy Sanders and John "Jeff" Worthen agreed with Sykes that another public meeting would be in the interest of the park district. Commissioner Jack Hood was not present at the meeting.

An architect's sketch of the pool, and alleys, said, "It's not available for the voters' scrutiny at this time. The exact date of the hearing has not been set, but Sykes indicated that it will be announced soon."

The formation of a citizens' group to support the November bond issue also was suggested and Sykes appointed Worthen to head this group.

Board members again discussed at length the possibility of participation of children in the winter recreation programs.

Worthen, a proponent of the winter fees, said that the district must be content with its fee structures and said to charge participants in summer programs and not those in the winter programs would not be in the district's interest.

mer programs and not those in the winter programs would not be in the district's interest.

After several motions were made, some dying for lack of a second and others ending in 2-2 ties due to the absence of Hood, the winter fee structure proposal was dropped.

Other business discussed by the board included a recommendation by Parks and Recreation Director David Nolan concerning the 24th Street parkway. It has been the site of a natural gas line replacement project by the Mississippi River Transmission Corp. involving the length of the parkway from Adams Street to Washington Avenue.

Nolan's recommendation, adopted as the official board position on the matter, deals with the restoration of the parkway to its original state before the work was started.

Specific work the company has been asked to perform includes grading and leveling the excavation site, pruning of all damaged trees lining the area and sealing the pruned areas, fertilizing the parkway, sodding the areas around the tree canons on either side of Madison Avenue.

Also, overseeing the entire work area, providing proper watering if weather conditions do not allow proper moisture, planting 12 pin oak trees to prepare for the probable loss of damaged trees along the parkway and planning for any fill needed after compaction of the excavated area, if it occurs, and reseeding of these areas.

The company would still be liable for any further damages, either to the finished work or work to be done in the future.

## City to seek applications for downtown coordinator

In a motion led by Granite City Alderman Paul Fisk Tuesday night, members of the Granite City Council approved a measure to solicit applications for a downtown coordinator.

The salary of the coordinator is to be paid fully by Community Development money, according to Mayor Paul Schuler.

The city sought \$50,000 for the downtown rehabilitation project earlier this year from Community Development. The amount of the coordinator's salary was not discussed.

Schuler said the city will receive money on Oct. 1. He said that although the downtown merchants of the coordinator, they will be given some input in the project.

Fisk said he feels the applications should be sought now, in anticipation of the funds, so that the project can get underway as soon as possible.

The city had paid for a study of the downtown area last year at a cost of \$19,000. The study suggested a plan for a hotel and mall.

The coordinator will be responsible for spearheading this project and other improvements to beautify the area.

Development money, according to Mayor Paul Schuler.

The city sought \$50,000 for the downtown rehabilitation project earlier this year from Community Development. The amount of the coordinator's salary was not discussed.

Schuler said the city will receive money on Oct. 1. He said that although the downtown merchants of the coordinator, they will be given some input in the project.

Fisk said he feels the applications should be sought now, in anticipation of the funds, so that the project can get underway as soon as possible.

The city had paid for a study of the downtown area last year at a cost of \$19,000. The study suggested a plan for a hotel and mall.

The coordinator will be responsible for spearheading this project and other improvements to beautify the area.

The impact upon the Urisko vehicle 180 degrees into the southbound lanes, where it struck a Granite City Street Department dump truck, operated by Leonard W. Wright, 27, of 3099 Fifth Ave.

Wright saw the two-car accident developing as he drove south and had slowed the truck, pulling to the right side of the roadway. The truck was nearly stopped when hit, he told police.

French sustained injuries and was taken by ambulance to St. Elizabeth Medical Center, where he was listed in satisfactory condition Wednesday.

Also transported to the SEMC emergency room by ambulance were Wright and Gordon L. Pierson, 2594 Revere's Route, a passenger in the city dump truck. Both were treated and later were released.

Reports noted the "Keep Left—Painting" warning sign was placed in the roadway by street department workers, who were painting about one block north of the accident scene.

**BATTERY BY PONTOON RESIDENT IS ALLEGED**

A Pontoon Beach man has been charged with battery by his girlfriend early this week. Charged with battery is John Nishke, 37, of 4040 Kathy Drive, after he reportedly struck Della Coleman of 4905 Oakmont, Apt. 1.

Miss Coleman, who was "punched in the nose," filed the complaint with Pontoon Beach following the incident, which occurred in her home. Nishke was released on a notice to appear in court.

**LAOTIANS HURT, MAN FINE**

William O. Trindle, 30, of 1928 Beckwith Ave., Madison, was fined \$200 at a hearing last week. He was charged with two counts of battery after allegedly striking two Laotians residing in St. Louis, Mouane Nhotphay and Ha Chanthasouk, at Nameeki Road and Madison Avenue. Ronald Tanner, 21, of 1912 Sken St., Madison, was ticketed for transporting beer.

Permission also was given Scott Barrios to install a concrete pad for a mobile home, with gas and electric hookups and a sewer line at 117 Abbott St., Venice. Estimated cost of the project, which also will include tie-downs and skirting, was \$5,000.

Third Ward Alderman John Ervin questioned the current status of the city's cable television project, asking if the delay in installation is a result of the city of Madison declining to sign with the cable firm.

Mayor Tyrone Echols said he will invite a representative of Southwestern Cable TV, Ltd., which was granted a franchise May 1, to attend the council's Sept. 18 meeting.

Discussion also focused on dogs running loose in the 1200 blocks of Robin and Oriole streets and what legal procedures must be taken to tear down a house, believed to have been condemned 10 years ago, in the 300 block of Weaver Street.

**REVOLVER, PANTS TAKEN**

Lawrence Riley of 1017 Market St., Venice, told police last week, that someone took a .38 caliber revolver and pair of trousers from his home. There was no sign of forced entry.

He asked the Venice aldermen to remind residents in their wards to register and also said deputy registrars will assist persons unable to get to a registration site by calling him at 682-4796.

In other business, a building permit was granted to Henry Baucum to construct a concrete block and frame office at 1000 Logan St., Venice, at an estimated cost of \$3,500.

## Man apparently loses fingers on RR tracks

An injured Granite City man found covered with blood in the downtown area in the early morning hours during the weekend was struck by a train, police officers believe after later finding parts of a hand near some railroad tracks.

John Cowan, 30, of 2556 Westmoreland Drive, was discovered by a patrolling sergeant at 18th Street and Cleveland Boulevard at 3 a.m. Sept. 1.

An ambulance was summoned when the officer saw the man's left hand was mangled and three fingers were missing. The fingertips on his right hand appeared to be smashed and he also had a large cut on his right cheek and a smaller cut to his chin and neck.

Cowan was unable to tell the officer what had occurred and tried to walk away before help arrived, reports said.

Two men standing talking near the entrance to a motel parking area first spotted the injured man and tried to aid him, they told police. However, the man continued walking south on Benton Street and then east on 18th Street to the point where the police sergeant found him, it was learned.

Cowan was admitted to St. Elizabeth Medical Center, where an examination also revealed a laceration to his left knee. He underwent surgery and was reported in satisfactory condition today.

After the injured man was transported to the hospital, an officer followed what appeared to be a trail of blood on the pavement

leading north on Benton to Niedringhaus Avenue and then west on Niedringhaus.

The blood traces led to about 50 yards east of the railroad tracks, where they disappeared. The officer then returned to the emergency room to talk with Cowan, who remembered leaving a Lincoln Place tavern on foot, but was unable to recall what occurred afterward.

Granite City officers and several railroad detectives checked railroad tracks in the vicinity of Niedringhaus Avenue and a Norfolk & Western Railroad captain located a large amount of blood on the north-bound tracks, about 100 yards east of Niedringhaus Avenue.

Two fingers were laying adjacent to the third set of tracks from the east side, one digit on either side of the rail, and blood was splattered on a black signal box and the ground.

In checking with personnel in the N&W railroad tower, the log showed a northbound train, heading for Decatur, used the track at 2:48 a.m. Sept. 1. The engine was pulling 44 loaded cars and 53 empty cars, reports stated.

### AUTO THEFT ATTEMPTED

Hughes Blake of Blake Auto Sales, 1733 Madison Ave., told police at 9:30 a.m. Saturday that someone attempted to steal one of the autos on his lot. The auto was started by the burglars, but they were not able to complete the theft, since the ignition was locked, securing the gearshift in park.

## Pattern of school strikes prompts letter by a parent

A letter handed to Granite City Board of Education members at their meeting Tuesday night questioned why there has been a series of year-opening teacher strikes.

Written by Mrs. Cathie A. Castillo, 2407 Delta Ave., the letter was addressed to the board members and to Mrs. Shirley Stoll, president, Local 743, American Federation of Teachers.

Mrs. Castillo wrote "as a concerned parent of a daughter who is a junior in high school. She enjoys school, makes good grades and is active in extracurricular activities."

"She was very much looking forward to returning to school last week. Lo and behold, again there is a strike delaying the start of school."

"As a parent, I am becoming very annoyed, an understatement, by the fact that for three of the past four years the teachers have gone on strike."

"I realize that striking at the beginning of the school year puts pressure on the 'other side.'"

"However, why do negotiations start in earnest at the end of the school year? And why isn't more effort made to conclude the negotiations satisfactorily before the anticipated start date for classes?"

"Why do we only get one-year contracts with the teachers? Why can't we get contracts for a two- or three-year period?"

"I realize it is more advantageous for the union to be able to negotiate every year. I would think, however, that from the board's point of view a multi-year contract would be more attractive."

"In comparing the board-teacher negotiations to business, I've been given the reason that a multi-year contract is not possible because—that's the difference between the private and public sectors. It's hard to budget, etc., depending on funding."

"I find this difficult to swallow. You are in business, the business of educating—obtaining education for—your child."

"You can—or at least should be able to—budget as well as any company can, making estimates where appropriate. This is what business does in making its yearly profit plans or long-range plans. Economics 101 in case some of you have forgotten."

"You may not know what the state is going to allocate to Granite City. But by the same token, business is not able to guarantee that customers will buy its product, that its prices will hold, that ingredient prices will remain the same, that unions will settle on what is offered to them, etc."

"All business has variables it has to deal with. Your 'business' is no different from any other, in that regard."

"Why must our children be the ones to suffer because two groups of adults can't compromise on issues of concern?"

"Why not let the parents have some input into how things are being handled? Or are you afraid of what

some of us might tell you?"

"It's part of our tax money that's involved. We elected the board members, but how can we be sure all of you have our best interests in mind?"

"I am getting very tired of going through this year after year. The underclassmen can 'live' through it, but what about the seniors? They are the ones who really pay for the egos of the adults involved."

"Granite City, in my opinion, has always had a very good school system. However, I do not ever remember having the discord between teachers and board members that is apparent now."

"I am aware that the economics of the day are different, but I am not sure things are being handled in the most expeditious manner possible; by both sides."

"Your comments and thoughts in regard to the items questioned in this letter will be appreciated."

The school district plans to thank Mrs. Castillo now for her letter and then give a more substantive response in the near future, when time permits. The board Tuesday night was preparing for yesterday's resumption of faculty contract negotiations.

School Board President David Portner commented briefly that negotiations with the teachers began in May and continued in June; the local then forwarded a detailed financial resume of the district to an AFT staff member in Washington for an analysis.

When an illness and death occurred in the staff member's family, these delayed the financial evaluation and it is unknown whether a written report ever was received by the local. Portner said. In any case, it did not appear possible to resume talks until August, instead of a hoped-for resumption in July, he said.

### 4 years in prison for home burglary

A four-year prison term has been ordered by Associate Judge Charles Roman Jr. for Richard Cigelske, 26, of Kirkpatrick Homes.

A residential burglary charge was filed by Granite City police Jan. 28, 1983, and he pleaded guilty Aug. 3, 1984.

The prison sentence is to be served in Florida, the judge ruled.

## Grassroots government

Upcoming meetings of Quad-City area governmental taxing bodies include:

Granite City School Board (special meeting) 7:30 p.m. today, Sept. 6, at 20th Adams.

Madison School Board 7:30 p.m. today, Sept. 6, at 1707 Fourth St.

Nameoki Town Board 7 p.m. Monday, Sept. 10, at 4250 Highway 162.

Tri-City Regional Port Board 6:30 p.m. Monday, Sept. 10, at 2801 Rock Road.

### POSSESSION OF CANNABIS, DISORDERLY CHARGED

Leo J. Furtak, 35, of 2446a State St., was charged with disorderly conduct and possession of cannabis by Granite City police. He was arrested at 2321 E. 23rd St., early this week.

Furtak was charged with disorderly conduct after he would not leave the residence on State Street. An inventory of Furtak's belongings produced the cannabis charge.

# Weddings

Mr. and Mrs. David Stephens

## Stephens-Rodgers

Wedding vows were exchanged by Miss Lisa Diane Rodgers and David Anthony Stephens on June 9 at Sacred Heart Catholic Church in Granite City.

The Rev. Charles Dahily performed the ceremony, and Donna Mooshegan and Linda Hall, sisters of the groom, provided the organ music.

Parents of the bride are Mrs. Virginia Jones of Granite City and Carl A. Rodgers of St. Louis, and the groom is the son of Mrs. Dorothy Guenewig and Leonard Stephens, both of St. Louis.

Matron-of-honor was Megan

Davis, and the bridesmaids were Gay Lord and Tammy Huckleberry. Attending the groom as best man was David Herderhorst. Rick and Ron Stephens, brothers of the groom, were groomsmen.

A reception at the church immediately followed the ceremony.

The bride is a 1981 graduate of Granite City High School South, while the groom graduated from Cahokia High School. Both are employed at A.G. Edwards and Sons, Inc., in St. Louis.

After a honeymoon trip to the Pocono Mountains, Pa., and New York, the couple is residing in Granite City.

Mr. and Mrs. Michael Corkran

## Corkran-Bryson

Miss Victoria Renee Bryson and Michael Allen Corkran exchanged wedding vows in a double-ring ceremony on July 14 at Bible Baptist Church in New Franklin, Mo.

The Rev. Wayne Musatics, Granite City, officiated at the 7 p.m. service, and nuptial music was provided by organist Mrs. Vance Hicklin and pianist Brian Owens.

Guests were received at a reception in the church basement immediately following the ceremony.

Parents of the bride are Mr. and Mrs. Wayne Bryson of New Franklin. The groom is the son of Mr. and Mrs. Ben Corkran of Granite City.

Matron of honor was Mrs. Devona Pratt, sister of the bride, and best man was Glen Gray.

Bridesmaids included Mrs. Martha Bell, Mrs. Linette Owens, cousin of the bride, and Mrs. Donna Gibson. Gordon Rogers, Kevin Newfield, Kevin Beamon, cousin of the bride;

Edward Kimmel and Oliver Beamon completed the corps of groomsmen and ushers.

Heidi Pratt, niece of the bride, and Lincoln Pratt, nephew of the bride, served as flower girl and ring bearer.

The bride is a graduate of Hyles Anderson College and is teaching in the Hammond Schools, Schererville, Ind.

The groom will graduate in the spring from Hyles Anderson College with a degree in Pastoral Theology. He is employed by 76 Truck Plaza.

After a wedding trip to southern Missouri and Arkansas, the couple resides in Schererville, Ind.

Mr. and Mrs. Frederick W. Stein Jr.

## Stein-Brokman

Miss Pamela Joy Brokman, daughter of Mr. and Mrs. Clifford Brokman of 2024 Manley Ave., and Frederick W. Stein Jr., son of Mr. and Mrs. Frederick Stein Sr. of Staunton, Ill., were united in marriage on July 28 at Nameoki Methodist Church at 4:30 p.m.

The Rev. Jerry Reed officiated during the service, and nuptial music was provided by organist Dave Perry, pianist Martha Hageneister and soloist Beverly Bond.

Maid-of-honor was Chris Coleman, and bridesmaids were Ella Fry and Vicky Stein, sister of the groom.

The groom chose Randy Schlake as best man. Greg and Mark Stein, brothers of the groom, served as groomsmen, and Greg Brokman, the bride's brother, and Steve Hughes,

the groom's cousin, served as ushers and candlelighters.

Amanda Coleman and Scott Stein, brother of the groom, served as flower girl and ring bearer. A reception at the Croatian Home in Madison immediately followed the ceremony.

The bride is a 1979 graduate of Granite City High School South and is employed with the U.S. Army Aviation Systems Command in St. Louis.

The groom is a 1979 graduate of Southern Illinois University in Carbondale and a 1973 graduate of Staunton High School. He is employed as an electrical engineer with Emerson Electric Corporation in St. Louis.

After a honeymoon trip to the Hawaiian Islands, the couple is residing in Edwardsville.

## Dewey Avenue Church hosts choir reunion

Dewey Avenue United Methodist Church will conduct a church choir reunion in conjunction with its church-school picnic on Sunday, Sept. 9. The group will meet at Wilson Park Shelter 5, behind Niedringhaus School.

Choir members will honor former choir director Walter Harrison, who served as choir director 30 years before moving to Missouri. The event will begin at noon. Past choir and church members, as well as students, are being urged to attend.

## Cloverview visits Lewis & Clark campus

For the Cloverview Garden Club annual pilgrimage and nature walk, members visited the campus grounds of the Lewis & Clark Community College and spoke with Gary Greenwood, professor of horticulture and agriculture.

Those attending learned about new trees, shrubs and flowers that were planted during the spring by Greenwood. Sample trays of soil were displayed and explained.

Greenwood showed slides of poinsettias, mums, Easter lilies, ferns and various flowering plants. He also explained how plants can grow to different heights with the use of chemical regulators. To promote new growth in rose bushes, cut back at each second five leaf stem. Greenwood pointed out to the group. The officers of the club were invited to a luncheon at the home of Mrs. Charles Kohl to commemorate

the 13th anniversary of the Gardenaires Garden Club, last week.

Those attending included Mrs. B.C. O'Neill, president; Mrs. Eldon Meikamp, vice-president; Mrs. George Knapp, secretary and Mrs. John Jenkins, treasurer.

A flower show was set at the Roxarena in Roxana, for Saturday, Sept. 8 by the Wood River Garden Club. The State Flower Show will be held at the Morton Arboretum in Lisle.

## 3 from GC attend Homemakers event

The district meeting of the Illinois Homemakers Extension Federation was Aug. 29 at Union Methodist Church in Belleville from 9 a.m. to 3 p.m.

Norma Meyer of Edwardsville, Madison County Board extension president, headed a delegation of board members. The delegates attended workshops pertaining to their various positions. These included workshops for citizenship, community outreach, safety, energy and environment, cultural arts, clothing, textiles, family relationships, food, nutrition and health, international, public information and young homemakers.

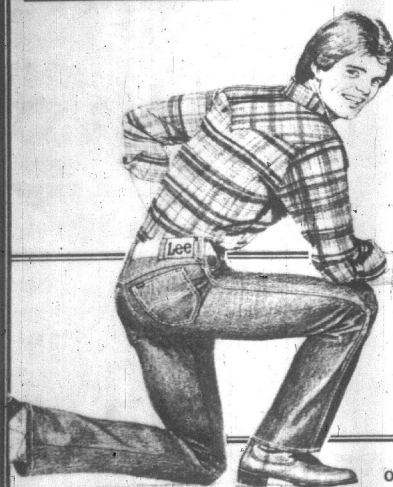

There are more than 900 members of IHFEP in Madison County. The federation is a world-wide organization of women who enjoy furthering their knowledge in various fields and helping others by sharing their knowledge.

The afternoon featured the presentation of President's Awards for various areas of county program achievement and the results of the judging of the county historical book. Madison County received President's Awards in cultural arts and public information. The historical book for Madison County received a blue ribbon.

A new state director, Winona Huckschild of Washington County, was elected to the state board.

Accompanying Mrs. Meyer to Belleville was Judy Goebel of Dorsey, Sarah Bequette and Sharon Helms of Edwardsville, Arline Brinkmeyer, Lillian Adams and Martha McIlroy of Granite City, Bernice Adams and Sue Klaus of Troy, Sharon Webb of Collinsville, Gloria Kneizik of Worden and Helen Fabnestock of Wood River.

## Cheerleaders, twirlers shine in Indiana

Fifty local girls attended the America's Youth on Parade Competition in South Bend, Indiana, at the Notre Dame University, this past week. Mrs. Sharold Yount, also attended the competition, where she directed and judged three events during the week-long competition.

Those earning recognition were the members of the Granite City Rockettes Cheerleading Squad, lead by Zandra Yount. They captured first place and were named Cheerleading Squad of the Year in the small junior group.

Members included Ann Marie Campos, Darla Gene Mayhall, Andria Jones and Michelle Tillman. During the competition, individual honors were given to the five local participants. Three ninth place trophies in solo singing, duet and trio twirling were awarded to Ann Campos, 14-year-old daughter of Mr. and Mrs. Emilio (Carolyn) Campos of Granite City.

Darla Mayhall, 10-year-old daughter of Mr. and Mrs. Gene (Maggie) Mayhall, placed in the top 20 in seven events and won a ninth place award in trio twirling.

She also was awarded first place in the solo twirl routine during the Springfield State Fair Twirling Contest, and competed in the 6 to 21 age division, where she received third place.

Michelle Tillman, 13-year-old daughter of Mr. and Mrs. Robert (Shirley) Tillman, placed in the top 20 in four events.

Andria Jones, 14-year-old daughter of Mr. and Mrs. Bob Jones, placed in the top 20 in three of her events.

First place honors went to Zandra Yount, 16-year-old daughter of Mr. and Mrs. Ray (Sharold) Yount, in the pom pom routine division. Her other awards included the title Pom Pom Girl of the Year, fourth place in solo singing, sixth place in solo flag, eighth place in solo hoop and a seventh and ninth place in duet twirl.

### Use of sites approved for basketball, football

The Mitchell Athletic Club will use the Mitchell School gymnasium each Monday through Wednesday, 4:30 to 9 p.m., from Oct. 1 to April 1 for basketball practice and games. Approval was given Tuesday night by the Board of Education.

MAC also will utilize the Prather School gym Monday through Friday, 4:30 to 9:30 p.m., Oct. 1 through Feb. 28 for practice sessions.

The Little Rascals Boys' Football Club of Granite City will use the Granite City Center field for games each Saturday and Sunday, in addition to practices during the week. The club will hold Saturday practices at the Coolidge field and also go there Tuesdays and Thursdays from 5:30 to 7:30.

**CHEERLEADERS OF THE YEAR** at the America's Youth on Parade competition at South Bend, Ind., were, from the left, Darla Mayhall, Ann Campos, Zandra Yount, Andria Jones and Michelle Tillman.

## Day-long conference for professional women this weekend

The third annual Women's Day Conference will be conducted Saturday at the Clarion Hotel, 200 S. Fourth St., St. Louis. A networking reception for all participants is scheduled from 5:30 to 7:30 p.m. Friday, also at the Clarion.

More than 25 workshops are being offered during this year's day-long conference, which will begin with registration at 8 a.m. and conclude at 4 p.m.

Karen Foss, a KSDK news anchor, will welcome the conferees and present an overview of the program during the opening meeting at 8:30 a.m. Saturday. Sessions will follow at 9 and 10:30 a.m. and at 1 and 2:30 p.m.

In addition, this year's conference will feature four "intensive" workshops from 9 to 11:45 a.m. on the following topics: "Do It Your Way: Entrepreneurship," "Facing Double Jeopardy: Black Professional Women," "Managing Stress" and "Starting Out."

Other sessions will study goal setting, risk-taking, financial planning, personal appearance, changing professional directions, negotiating, job-related sexual harassment, and

interpersonal relationships. The registration fee for the full-day conference, including lunch and parking, is \$40. Half-day registration is \$25 per person. Students will be admitted for \$15 if verification of enrollment is shown.

Interested persons may contact the St. Louis YWCA at 1-314-421-2750 for reservations or may sign up at Friday evening's reception.

Nearly 4.3 billion acre-feet of water falls on the 48 contiguous states each year. That's 125 million 8-ounce glasses of water for every man, woman and child in the nation.

## Granite Cityans attend Becherer reunion

A Becherer family reunion was conducted Sunday, Sept. 2 at the Belle-Clear Exposition Hall, St. Clair County Fairgrounds in Belleville, for all descendants of Joseph Becherer, who came to America in 1822 from Ried, Baden, Germany.

Among his descendants in eight generations since he arrived are families with the names of Becherer, Hilbert, Loyet, Siebert, Sanders, Gross, Reaka, Docter, Gundlach, Lanier, Bertelsman, Reeb, Bechtold, Biesch, Schaefer, Berkel, Quirin, Guenther and McCann.

Reservations were received for more than 1,000 persons. Family members came such places as Peru, Japan, Massachusetts, Florida and California.

A special mass at Our Lady of the Snows in Belleville was celebrated by the Rev. David Becherer from Peru and by the Rev. Dennis Schneider from Ruma, Ill.

After guest registration, family group pictures were taken for a reunion memory book. Games were played, and entertainment was provided by the Althoff High School German Dancers. A chicken dinner was served in the evening, and dance music was provided by Bob Dill's "Four of a Kind" orchestra.

Recognition was given to the oldest in attendance (95 years old), the person coming the greatest distance (Peru, South America) and the couple married the longest (56 years).

The committee in charge of the event consisted of Sharon Becherer

## Kozaks announce birth of first child, Jonathan

Mr. and Mrs. James T. Kozak of Granite City have announced the birth of their first child, a son, born Aug. 27 at St. John Mercy Medical Center in St. Louis. He has been named Jonathan Joseph, and he weighed 7 pounds, 1 ounce at birth. Maternal grandparents are Mr. and Mrs. Joseph Rice, and paternal grandparents are Mr. and Mrs. John M. Kozak, all of Granite City.

## J. Scott staff learns new coloring techniques

The staff of J. Scott's Hair Designers, 2901 Iowa St., were instructed last week on the newest of hair coloring techniques.

Janis Hoffman, an educational consultant for the Matrix Company, conducted the seminar for the five local hair stylists. One new technique, "Minking," a tri-color highlighting process, was highlighted during the session. On hand for the instruction were Donna Michaels, Dee Dee DeGonia, Kim Bernat, Kim Dittich and Charlie Michaels.

## AN OPEN LETTER TO THE CITIZENS OF GRANITE CITY FROM THE GRANITE CITY FEDERATION OF TEACHERS, LOCAL 743

To Whom It May Concern:

The teachers of Granite City would like to present to you, as clearly as possible, the issues which prevent the opening of schools this year. Rumors and misinformation are plentiful. Examine the facts:

- Teachers have agreed to return to work without a salary increase - AGAIN! This would be the third year that teachers worked for the same salary. Teachers understand the problems the school system is having, but we cannot work forever without a wage increase. WE ASK THE BOARD OF EDUCATION TO ASSURE THAT NEXT YEAR (85-86) TEACHERS RECEIVE THEIR FIRST SALARY INCREASE IN THREE YEARS!
- A one year contract.
- Teachers are asking that the Board of Education agree to seniority language which would provide specific lay-off and recall procedures. THIS WOULD COST THE BOARD NOTHING, BUT THE BOARD REFUSES.
- Lay-offs and cut-backs have increased class sizes. As a result, discipline problems have increased. The Union has presented contract language to provide procedures for handling disruptive students. THIS WOULD IMPROVE THE EDUCATIONAL PROGRAM AND MAKE TEACHERS MORE EFFECTIVE. IT WOULD COST THE BOARD NOTHING, BUT THE BOARD REFUSES.

Teachers thank you for your support. With your help, these issues will be resolved and schools will open.

Respectfully,  
Granite City Federation  
of Teachers

# Church Activities

## First Free Will to honor youths

The congregation of the First Free Will Baptist Church announces that several youths from the church have been recognized with honors in the national competitive activities. The youths previously won first-place honors in Illinois competition.

The national competition was in the annual Church Training Service Competitive Activities and Music and Arts Festival. This year, this competition was in Little Rock, Ark. Youths attending from Free Will Baptist were Lisa Millsap, LaDonna Steelman, Diana Steelman and Don Stevanus.

The annual event consists of various Bible competitions and several categories of music competition. These youth all competed in music competition. All youths receiving a number one rating are considered for first place in the music competitions. The highest number one rating is recognized as first place winner. Although the local teenagers did not win first place, three out of four did receive a number one rating. Winning a number one rating were LaDonna Steelman, piano solo, Diana Steelman, vocal solo, and Don Stevanus, LaDonna and Diana Steelman, vocal trio. The music competition is judged on musical ability and performance in their particular category.

Stevanus resides with his mother Elaine in Granite City and attends Granite City High School. Lisa Millsap resides with her mother, Roseanna, in Granite City and attends Southern Illinois University at Edwardsville. The Steelman children reside with their parents in Glen Carbon and attend Bethel Christian Academy in South Roxana.

The congregation welcomes those who want to congratulate these young people to do so at the church, 2216 Charles St.

## First Baptist to honor Oscar and Beulah Murray

Mr. and Mrs. Oscar Murray will celebrate their 50th wedding anniversary at an open house reception from 2 p.m. until 4 p.m. Sunday, Sept. 9, in the Fellowship Hall at First Baptist Church, 21st Street and Delmar Avenue.

The golden anniversary event will be hosted by church friends of the couple.

Area friends and former members of the church congregation and Sunday School classes are invited to attend, a spokesman said.

Mr. and Mrs. Murray have resided 42 years in Granite City and have at-

tended First Baptist Church for the past 32 years.

Many children have been taught Bible lessons under the direction of Mrs. Murray. Her husband has served on various committees and is currently a member of the First Baptist Building and Grounds Committee.

Both are natives of West Frankfort, Ill., and were married Sept. 2, 1934, by the Rev. Chester B. Pillow in Poplar Bluff, Mo. Mrs. Murray is the former Beulah Younk.

The honeymoons reside on Washington Avenue.

## First Free Will Baptist celebrates 24th anniversary

The 24th anniversary of the First Free Will Baptist Church will be celebrated Sunday, Sept. 9, on the Gospel tent rally set.

The Rev. George O. Ankario, pastor of the Maryville Assembly of God Church, is announcing a gospel tent revival beginning Sunday, Sept. 9 through Sunday, Sept. 23.

The Rev. Joseph Ely will be the guest evangelist during the revival.

The services will be nightly beginning at 7 o'clock on the church grounds Route 159 in Maryville.

There also will be Sunday morning services in the church.

Included during the services, special guests will be preaching and singing to those attending.

In case of inclement weather during the revival, the service will be inside the church, the pastor added.

church grounds at 2216 Charles St.

The Rev. Bob Wright will be the special speaker during the morning service, beginning at 9:45 a.m. Rev. Wright is the founding pastor of the church and has remained active during its 24 years of service.

The church will be having a bond burning ceremony commemorating the complete repayment of all in indebtedness.

According to the Rev. Randall Steelman, the Revolver's Quartet, formally with the local Free Will Baptist church, will be providing gospel singing during the morning and afternoon services.

The general public is being invited to attend the day's events and commemorate the 24th anniversary of the First Free Will Baptist Church.

The afternoon services begin at 1:30, the pastor added.

## Daughter born to former Granite Cityans

Mr. and Mrs. Greg Luehmman of Poplar Bluff, Mo., and formerly of Granite City, have announced the birth of their first child, a daughter, born Aug. 18 in Poplar Bluff. The child has been named Melinda Sue, and she weighed 8 pounds, 5 ounces at birth.

Maternal grandparents are Mr. and Mrs. Roger Basarich, and paternal grandfather is Earl Luehmman, all of Granite City. Great-grandparents are Alta Stuart and Mr. and Mrs. Steven Basarich, also of Granite City.

## GC couple has daughter

Mr. and Mrs. Steven Cox, 3021 Denver St., have announced the birth of a daughter, Kristen Ann, born Aug. 15 at St. Mary's Medical Center in Richmond Heights, Mo. The child weighed 8 pounds, 3 ounces at birth and joins an older sister, Bethany, in the home.

Maternal grandparents are Mr. and Mrs. Melvin Tripp, and paternal grandparents are Mr. and Mrs. Jerry Cox, all of Granite City. Gulema Singer, Granite City, is the great-grandmother.

## Pioneer clubs to begin new year at Bethel Church

Pioneer clubs are "nothing like school or Sunday school." Their fifth year of activity will begin here Sept. 12.

Young people learn new and useful skills and participate in party planning, Bible studies, sports, Scripture memorization, crafts, songs, field trips, achievements and "discovering a special place" right in their own neighborhood.

Pioneer clubs from a Christ-centered program where young people have fun and learn about God, the Bible and people. It helps youths with their social, physical, spiritual and personal growth, a spokesman said.

On Wednesday, Sept. 12, Bethel Evangelical Free Church in Granite City will begin its fifth year of Pioneer clubs. The clubs are for boys and girls in the first through ninth grades. The church is at 2450 Stratford Lane at Maryville Road.

Special club plans include a film festival night, a Christmas program and party, and a Pioneer banquet.

The club meetings are every Wednesday night from 7 to 8:30 p.m.

Pioneer clubs are an international, non-denominational youth organization, which has more than 85,000 young people participating in 7,000 clubs in the U.S. and Canada.

For more information or transportation, Quad-Cityans may call 797-1010 or 931-3107.

## Rally at Our Lord's Lutheran

Our Lord's Lutheran Church in Collinsville is planning a Rally Day on Sunday, Sept. 9.

Following the worship service at 9:00 a.m. there will be an all-congregational gathering. Highlighting the rally will be a magic show by Charles Beck, followed by lunch and games.

Sunday School classes will start on Sept. 16 at 9:30 a.m., according to a church spokesman.

## 'Unity' to perform

"Unity," a traveling choir group formed from a larger "Unity" group, will present a musical, "We Shall Behold Him," at 6:30 p.m. Sunday, Sept. 9, at Third Baptist Church, 26th Street and Grand Avenue.

The group is under the director of Peggy Nickles of Wood River. She had a vision for an outreach ministry of music that could involve musicians of all denominations. As a result, United Communications, Inc., Community Church was founded in 1978. This outreach encompassed over 100 individuals from 13 denominations and involved at least 30 different churches. The Community Choir gave presentations once or twice a year.

However, these efforts became so well received that the need was recognized for a smaller, more mobile group that could minister throughout the year. Thus, 28 individuals were chosen from the community group to form "Unity."

Rev. James Donahue and his congregation are inviting the public to attend this presentation Sunday by "Unity."

## 'Singspiration' at Mount Zion event

Mount Zion Pentecostal Church will host a "Singspiration" Sunday, Sept. 9, from 2 to 4 p.m. at 2635 Old Route 3 (Missouri Avenue).

The public is being invited to join in this singing event every second Sunday of the month, the Rev. S.L. Ingles stated.

Some of the groups that will be attending include the Gospel Four and Sis Terry Perry from the 22nd and Bryan Avenue Church, Othessene Church, Love Assemblies from Cottage Hills and the host church group, the Mt. Zion Quartet.

## Sierra group to hear of Indian life

John White, director of the Native American Studies Program at the Kankakee Archaeological Center, will address the Placita Palisades Group of the Sierra Club, Monday, Sept. 10, at First Presbyterian Church, Fourth and Alby streets, Alton, at 7:30 p.m.

"Ancient Lifeways: In Search of the Ways of Our Ancestors" is the title of the lecture/slide presentation.

of White, who is a cultural anthropologist of Cherokee and Scottish descent. His talk will recreate a trip that starts in the world of three million years ago through the country of the Illinois Indians as seen by French explorers, three centuries ago.

All Sierra Club meetings are open to the public. Refreshments will be served.

## Talk will center on parenthood

Dr. Judith Musick, executive director of the Ounce of Prevention Fund, will address community representatives on issues of teenage parenthood, family support systems and the community's role in prevention at the Collinsville Hilton at 6:30 p.m. Wednesday, Sept. 12.

The talk is sponsored by the Parents Plus program of Mental Health Services, Southern Madison County, Inc., headquartered in Granite City.

Dr. Musick holds a doctorate in psychology and acts as a psychologist specializing in human development, child psychology and parent-child relations. She has authored a wide range of articles and books on infancy, prevention and intervention for troubled families. She is a research faculty member of Loyola University and Erickson Institute, a resident elect of the Illinois Infant Mental Health Association.

The Ounce of Prevention Fund is a public-private partnership which was designed to fund comprehensive community-based services to reduce the incidence of family dysfunction typified by child abuse and neglect; to diminish those factors found to increase family dysfunction and to measure the effectiveness and costs of such services.

Local dignitaries will be invited to the talk.

For additional information, interested persons may call Keith A. Neuber, project coordinator of Parents Plus at 877-4420.

## United Way begins fall fund campaign

Tri-Cities Area United Way plans to sponsor "United Way Sunday" as a kick-off event for the fall fundraising campaign.

Several area church groups and choirs will participate by performing selections this Sunday, Sept. 9, at Wilson Park Ice Rink.

In addition, the 1984 United Way film, featuring the 16 member agencies aided by the United Way, will be shown.

The public is being invited to attend this gathering of churches and community service providers. The program will be from 4:30 to 6:30 p.m.

The annual kickoff breakfast is scheduled for Tuesday, Sept. 11, at the Granite City Township Hall, starting at 7:30 a.m. Five hundred United Way volunteers, solicitors and community leaders have been invited to attend the breakfast, which is catered by Charlie's Restaurant.

## \$1,350 is raised for cancer victim

Kathy Cavar of 2420 Terminal Ave. reports that \$1,350 was raised through a rummage and bake sale at her house over the weekend. Mrs. Cavar sponsored the sale to raise funds for cancer victim Jeremy Hensley of Hallsville, Texas, and formerly of Granite City.

Mrs. Cavar says many people donated items for the sale, and "we got checks from people who didn't know us and didn't know them (the Hensleys). We even got a check for \$100 from a guy from St. Louis."

She told the Press-Record that 4-year-old Jeremy, the son of Rex and Janice (Mooney) Hensley, has experienced an improvement in his condition with the use of chemotherapy. The funds raised from the rummage and bake sale will go toward the family's medical expenses.

## Mr. and Mrs. Lewis name 2nd child Aaron

Mr. and Mrs. Alva Austin (Wanda) Lewis, both formerly of the Quad-City area, are announcing the birth of their second child.

The child, which was born on Aug. 15, has been named Aaron Roy. He was born in Women's Hospital, Baton Rouge, La. He weighed 8 pounds, 13 ounces at birth. His brother's name is Alva Austin III, 15 months old.

Grandparents of the child are Charlotte Metz of Granite City and the late Roy Metz, and Mr. and Mrs. Ralph (Louise) Kern of Madison and the late Judge Alva Austin Lewis.

Great-grandparents include Octavia Meyer of Granite City and Mrs. R.W. Puetz of Alton.

## SUE worker retires after 19 years

By TOMMYE WALTER

It makes little difference whether it's a tile floor, black patent leather shoes or someone's day. Don Summer of Hartford is great for putting a shine on things.

However, he finally outdid himself last week. To mark his retirement from Southern Illinois University at Edwardsville, Summer constructed a trophy from an old broom with a broken handle. The gleamed broom is Summer's gift to himself for the 19 years he spent as a building service worker at the university.

"I FOUND that broom in a wastebasket. It was looking shabby. I cut off the handle, trim-

ed it evenly at the bottom and painted it gold. Then I made a shadow box for it," he said.

What does he plan to do with the trophy? "Take it home and put it up in the family room," Summer said, adding that "it will probably make my wife mad."

Before going to work for the university, Summer had been a finisher at a tannery in Alton. "I put the finish on patent leather," he said. He was laid off when the tannery closed in 1965.

"I WAS THE last one to leave." Later that year, he accepted a position with the university.

The janitors' closet in the basement of the Communications

Building is so small that it can hardly accommodate two persons. And yet Summer shared the tiny space with several other men, a floor drain and maintenance equipment.

A sign on the wall beneath a dust pan attests to his penchant for orderliness. It reads: "Hang me and my buddy brush back where you found us."

THE LAST WEEK that Summer was on the job was a sad day for many of the folks who work in it, frequent the Communications Building. They knew they were losing a bright spot in their day.

As he made his office rounds, Summer was greeted by his friends.

"I'm not bragging, but I've made a lot of friends. I love them all, and I believe they love me," he said. "That's the way it's supposed to be, isn't it?"

He continued, "When you get along with one another, your work goes along better."

MAKING THINGS look good and people feel good about themselves are two things Don Summer does best.

And when you get right down to it, putting a shine upon a world gone shabby is one of the most important things a person can do. And it appears that Don Summer knows just how to do that.

**PUTTING A SHINE INTO HIS WORK.** Don Summer of Hartford shows off a trophy he made for himself. He is retiring from Southern Illinois University at Edwardsville following 19 years as a building service worker. The trophy was constructed from a discarded broom he found in a wastebasket. Before joining the university in 1965, Summer completed 34 years as a finisher with a tannery in Alton. The tannery closed in 1965. (SUE Photo)

## SIUE archeological research featured in journal

Some of the late archeological investigations by Southern Illinois University at Edwardsville have been featured in a recent issue of "American Antiquity," a professional journal.

Mentioned in the article are excavations at the Lawrence Primas site, situated along Cahokia Creek in the American Bottoms; a survey of the Cahokia Creek upland drainage basin in Madison County; a study of the central Silver Creek valley, and investigations at the Rend Lake Reservoir.

ACCORDING to the article, excavations at the Primas site, directed by William J. Woods, member of the SIUE archeological faculty, and Timothy R. Pauketat, Millstadt, a senior at the university majoring in anthropology, uncovered: 1) late Mesolithic Early Sand Prairie phase Mississippian structures

"A large burned wall trench structure contained a floor assemblage with definable activity areas, including flint working, hide processing, tool curation, and sleeping or socializing areas," Woods said, adding that the charred structural remains indicated wattle and daub construction with such characteristics as notched uprights, a horizontal inner wall log sill, and a central post.

Woods said a small circular single post basin structure was also uncovered by excavation of a spot adjacent to the site ridge. "This structure, interpreted as a sweat lodge, was buried under approximately 30 centimeters of floodplain silt," he said.

CONDUCTED BY Woods and Sidney G. Denny, chairperson of the SIUE department of anthropology, the survey of the Cahokia Creek upland drainage basin was designed to correlate the Mississippian settlement location strategy and soil types.

The researcher's felt that horticultural settlements would be most

likely found in locations near the readily tilled, non-acid fertile soils of the Wakeland series.

"To ensure the most efficient utilization of these soils, the majority of these settlements would have consisted of small, dispersed farmsteads and hamlets, rather than large multi-family villages," Woods said.

THE RESEARCHERS were right. They found four Mississippian sites, along with numerous other reported sites in the drainage, situated adjacent to extensive areas of Wakeland silt loams.

Woods said the majority of these sites are characteristic of the lower end of the settlement hierarchy and post-date A.D. 1200.

A study of the Silver Creek valley area by Pauketat and Brad Koldehoff produced results similar to the Cahokia Creek survey.

EXAMINATION OF materials excavated by the Illinois State Museum has revealed that an extensive Sand Prairie phase settlement system was located in the valley," Woods said.

The SIUE researcher, along with Pauketat and Christ L. Wells, also conducted investigations at the Rend Lake Reservoir. The project, funded by the U.S. Army Corps of Engineers, included testing three sites to determine National Register eligibility and revisiting 148 sites to assess the degree of erosion damage since the original lake survey in 1978-79.

The SIUE team of researchers found that portions of a Mississippian wall trench house were exposed on the eroding shoreline at the Big Pasture site. At the Wayne Fitzgerald site, two Crab Orchard earth ovens on the shoreline were excavated.

AND AT THE Vance Skinner site, which had produced Middle Woodland artifacts in the past, six small pit features were excavated.

Woods said most of the sites revisited had undergone extensive erosional damage from wave wash and lake level fluctuations. "At least a dozen sites have lost all subsurface integrity," Woods said, adding that features now are exposed on 17 sites.

## Energy conservation grants awarded

Energy conservation grants totaling \$2.9 million have been awarded to 99 Illinois institutions including Southern Illinois University at Edwardsville, Governor James R. Thompson announced.

These grants will help Illinois schools and hospitals reduce their energy costs, which ultimately are borne by taxpayers and health care consumers," the governor said.

THE FUNDS WERE awarded through the Institutional Conservation Program, in which schools and hospitals are eligible for grants to help pay for the installation of energy-saving equipment and materials or expert advice on saving energy.

The Illinois Department of Energy

and Natural Resources evaluates grant applications and submits recommendations on grant awards to the U.S. Department of Energy. The funds are provided by the federal government.

Since the program began in 1979, Illinois institutions have received a total of \$38.3 million in grant awards, Thompson said. "There is no question that administrators of Illinois institutions want to reduce their energy costs," Thompson said.

"This year alone some 200 schools and hospitals applied for grants."

AMONG THIS year's group of grant recipients, 40 elementary and high schools, 11 junior colleges and universities and eight hospitals received grants to pay for technical

analysis of their buildings by energy

experts.

Another 19 schools, 11 colleges and 10 hospitals received funds to finance the installation of energy conservation measures. "The Institutional Conservation Program is a sound investment," the governor said. "It yields a large return in terms of avoided energy costs."

"This eases the burden on the public, which has to absorb energy costs along with other education and health care costs. And it helps the institutions avoid unnecessary energy costs and therefore directs money to more productive uses," he added.

The federal share of SIUE's grant is \$90,768.

## Finance seminar scheduled this month

The Center for Management Studies at Southern Illinois University at Edwardsville will offer a seminar Sept. 27 and 28 in St. Louis for people who wish to learn more about finance and accounting.

The two-day seminar is scheduled at the Henry VIII Inn, located at 4690 North Lindbergh. Sessions will meet from 9 a.m. until 4:30 p.m. each day.

TOPIC TO BE considered include: financial reporting procedures, financial statement analysis, annual reports, corporate financing, budgeting and profit planning, as well as investment returns.

"The program places an excellent command of balance sheets, income statements, cash flow statements, budgets, break-even and profit analysis within the grasp of every non-financial manager," James F. Miller Jr., director of the Center for Management Studies, said.

Instructor for the seminar will be

Edwin B. Sheren, president General Management Services. Sheren's professional experience includes administrative controllership and vice president of finance at Ligholier Finkel Outdoor Products and Morton Textile and Furniture.

AMONG HIS training and consulting clients are Fortune 500 companies in the computer, steel and chemical industries.

Additional information may be obtained by contacting the SIUE Center for Management Studies by calling 1-692-2668.

## Typing speed tests offered at GCC

Typing is the skill that can get students the job they want and Granite City College can help them show their prospective employer that they have that skill.

Typing tests and certification are given on the first and third Tuesday of each month at the center.

TYPISTS who complete the testing will be given a signed statement certifying their speed.

The testing will begin at 6 p.m. The first 10 minutes will be for warm-up on practice material. Then, three five-minute timed writings will be given to determine the best speed with five errors or less.

The \$5 fee should be paid in the main office before testing. Typing paper will be furnished. The testing will take place in room 345 at the center, 4950 Maryville Road.

EXPERT APPRAISING MORRIS REALTY CO. 878-4400

What happens when you put another person's name on your bank account or your real estate? The answer to this question could depend upon what you intended at the time you made the transfer. This office is continually besieged with questions regarding whether or not it is a good idea to establish joint tenancy relationships with friends or relatives. Two recent cases will point out some of the problems in these situations.

In one case, two individuals were placed on a joint bank account. When the account was opened, a bank official told the two men that either one could draw on the account and that the survivor would get the balance of the proceeds. The oldest of the two gentlemen put the initial \$12,500 in the account and immediately signed a joint account agreement with the younger gentleman. Later, the older joint tenant, without the other's knowledge, deposited an additional \$13,500. Subsequently, the elder gentleman died.

There is no question that either man could withdraw all the money while both were alive. What happens, however, upon the death of the first, in this case, a dispute arose over the disbursement of the money between the estate of the deceased and the surviving joint tenant.

## THE LAW AND YOU

BY RICK REED  
Attorney At Law

What happens when you put another person's name on your bank account or your real estate? The answer to this question could depend upon what you intended at the time you made the transfer. This office is continually besieged with questions regarding whether or not it is a good idea to establish joint tenancy relationships with friends or relatives. Two recent cases will point out some of the problems in these situations.

In one case, two individuals were placed on a joint bank account. When the account was opened, a bank official told the two men that either one could draw on the account and that the survivor would get the balance of the proceeds. The oldest of the two gentlemen put the initial \$12,500 in the account and immediately signed a joint account agreement with the younger gentleman. Later, the older joint tenant, without the other's knowledge, deposited an additional \$13,500. Subsequently, the elder gentleman died.

There is no question that either man could withdraw all the money while both were alive. What happens, however, upon the death of the first, in this case, a dispute arose over the disbursement of the money between the estate of the deceased and the surviving joint tenant.

The Illinois Supreme Court awarded the money in this case to the surviving joint tenant. The Court found that the deceased intended to give the survivor the proceeds of the account.

In another case, an individual purchased a piece of property with money he had acquired before his marriage. The actual purchase, however, occurred after the marriage. On advice of an attorney and for the sake of convenience, the deed was prepared in the name of the buyer and his wife as joint tenants. A few years later, they were divorced, and the husband awarded the property solely to the husband.

The case wound up on appeal, and the Illinois Supreme Court affirmed the giving of the property to the husband. The Court noted that normally in a case like this it will be presumed that the husband intended to make a gift of the interest in property. Here, however, it was felt that there was a clear intention that the joint tenancy was created only as a matter of convenience. In addition, the Court noted that the husband alone had provided the purchase money, and that wife, by her conduct and words, evidenced a belief that she had no interest in the property.

## UE customers to receive CUB mailing in their bills

More than five million electric and gas customers throughout Illinois, including Quad-Cityans served by Union Electric, will be getting a message in September from the Citizens Utility Board, as the growing consumer advocacy organization kicks off its second round of membership recruitment.

CUB reaches its potential members with enclosures in residential utility bills, or with printed messages on bills that appear in postcard form. It is the only organization in Illinois ever granted such authority.

In September, 2,282,000 gas and electric customers will receive CUB literature enclosed in their bills. In addition, 3,114,000 customers will receive a CUB message printed on their bills.

The watchdog and advocacy group is stressing the importance of looking for the message and hopes residents will respond favorably.

"Most people think that a message in a utility bill is automatically from the utility company — and they read it with skepticism," said CUB Campaign Director Larry Kamer. "But

the message from CUB in September bills is not utility company propaganda. It tells frustrated consumers what they can do to fight back. And it tells them how CUB will speak up for their interests," he said.

CUB's September recruitment follows on the heels of a similar drive in July, in which 4.5 million telephone customers received a CUB brochure in their bills. More than 30,000 people have joined CUB as a result of that mailing.

"It's time Illinois consumers did more than gripe about their high bills," said Kamer. "By pooling their resources, tens of thousands of people can make a dent in skyrocketing electric, gas, and telephone bills. But citizens need to do their part to make CUB work," he said. CUB is not a government agency, and receives no tax dollars.

## Added funds for libraries in Illinois

About 2,500 libraries in Illinois will benefit from a five percent increase in grants for fiscal 1985 under legislation signed into law by Gov. James R. Thompson.

"Because library systems have no taxing authority," the governor said, "they depend on state grants as their primary source of revenue. This additional funding, made possible by a change in the formula, will allow us to provide greater support."

House Bill 2721 raises per capita grant rates from \$1.09 to \$1.145 and graphically rates from \$38.19 per square mile to \$40.10. The changes in the formula allow an increase of \$730,700 for the program in 1984-85.

"The increase for Illinois' 18 library systems represents a greater commitment of cooperation and sharing among libraries," said Secretary of State Jim Edgar. "The system gives more patrons easy access to the collections of hundreds of libraries."

This kind of funding ensures that you don't have to live in a major college town or big city in order to use the resources of Illinois' finest libraries.

The bill was sponsored by Rep. Harry Yorell of Oak Lawn and Sen. Sam Vadalabene of Edwardsville.

**PAINTING A PET.** Phyllis Weiss, an art instructor at Granite City High School, puts the final touches on one of the murals she has painted at the Animal Protection Association Shelter, on Old Alton Road. Mrs. Weiss donated her time and paints for the project. The shelter also is boasting a new entrance sign that was painted and donated by Mrs. Phillip's father, Phillip Stout.

## United Way officials say programs geared to labor

Organized labor and United Way have a long history of working together on the common goal of improving the quality of community life and helping people in need.

This tradition of people helping people, a basic tenet of the labor movement and the American way of life, is realized through United Way's network of voluntary agencies which provide much needed services to the membership of local unions and our communities.

A basic principle of the American Federation of Labor - Congress of Industrial Organizations (AFL-CIO) Community Services Program is that "the union member is first and foremost a citizen of his community," and that a union member "must cooperate with his fellow citizens in making his community a good place in which to live, to work and to raise children. He must be concerned about the availability of adequate health, welfare and recreational services for the whole community."

From this basic principle, organized labor developed a cooperative Memorandum of Understanding reaffirming that relationship by stating that both the AFL-CIO and United Way of America believe volunteerism is the essence of a democratic society and the government's fundamental responsibility to meet the basic health and welfare needs of the American people can best be carried out in cooperation with voluntary agencies. As a result of this relationship, jointly sponsored programs are conducted at the national, state and local levels to provide ongoing services to members of organized labor, their families and the community at large.

On April 4, 1979, a cooperative Memorandum of Understanding reaffirmed that relationship by stating that both the AFL-CIO and United Way of America believe volunteerism is the essence of a democratic society and the government's fundamental responsibility to meet the basic health and welfare needs of the American people can best be carried out in cooperation with voluntary agencies. As a result of this relationship, jointly sponsored programs are conducted at the national, state and local levels to provide ongoing services to members of organized labor, their families and the community at large.

Labor also has a voice in United Way through representation on United Way of America's National Professional Advisory Council. The council, made up of 11 committees, advise United Way of America in all areas of its operations and policymaking. Labor has 29 representatives on these committees.

### BURGLAR TAKES TV, VCR

Donna Miller of 636 Washington Ave., Venice, told police that when she returned home last week her front door was kicked in. When she entered her home, she discovered that a 19-inch color television, a five-inch black and white television and video cassette recorder were missing.

## Free community seminar on Arthritis is offered

By JOYCE MITCHELL  
St. Elizabeth Medical Center

Arthritis, the nation's number one crippling disease, will be the topic of a free community seminar to be offered by St. Elizabeth Medical Center, Tuesday, Sept. 11. The seminar, which will begin at 7 p.m. in Pascal Hall, will feature Dr. Steven A. Lauter, Rheumatologist, as guest speaker.

Dr. Lauter is clinical instructor of medicine at Washington University School of Medicine, St. Louis. After finishing his residency at Jewish Hospital, St. Louis, Dr. Lauter served as a major in the U.S. Air Force. While stationed in New Mexico, he was assistant professor, School of Health Care Sciences at Eastern New Mexico University. In 1978, he earned his fellowship in Rheumatology at the Royal Victoria Hospital in Montreal, Canada.

Also included on the program will be Mrs. Nadine Rain, coordinator of the Central Illinois Chapter of the Arthritis Foundation, and members of the medical center's Occupational Therapy and Physical Therapy Department with a display of

various devices helpful to arthritis patients.

Although there has not been a major breakthrough in arthritis research in recent years, new discoveries are making scientists hopeful for the future. The problem is more complex than finding the cause and cure for one disease. The word "arthritis" is used to describe nearly 100 different conditions which affect the joints and connective tissues. Until a breakthrough comes, proper medical care and exercise can alleviate some of the discomfort.

The Arthritis Foundation reminds people to be wary of "wonder cures." No other illness attracts as many "quack" remedies. An estimated \$950 million a year is spent on worthless remedies, treatments, devices and gimmicks. While some are harmless, except for the money wasted, others are very dangerous and patients are put at risk if "quackery" is a substitute for qualified medical care.

To learn more about arthritis, interested persons may make reservations for the seminar by calling the medical center's Public Relations Department at 798-3167.

## YMCA hosts class in Kindernastics

The Tri-City Area YMCA will begin a new Kindernastics class on Saturday, Sept. 15. The class will run for four weeks, meeting from 10:45 to 11:30 a.m. The class is for children ages 3 to 5.

Children will participate in group activities and games. The class allows children to experience balance, taking turns, sharing and discovering body parts and actions. Children will also learn about decision making and interacting with children their own age.

The class fee is \$8. For more information, interested persons may call the YMCA at 876-7200.

## 10 injured in accident

A two-vehicle accident at the intersection of 17th Street and Madison Avenue late last week, resulted in injuries to the two drivers and eight passengers. Gilbert E. Williams, 21, of East St. Louis, told police he was northbound on Madison Avenue when a cup fell between his feet. Williams bent down to pick up the cup and when he looked up, he saw the vehicle in front of him had stopped. He applied his vehicle's brakes, but could not avoid the accident.

A van driven by Joyce J. Bailey, 54, of Glory Lane, attempted to make a left turn onto 17th Street at the time.

Other persons injured include Vicki L. Liberty, 21, of 2020 Fourteenth St., a passenger in Williams' car.

Passengers injured in Mrs. Bailey's van were: Brenda Benson, 33, of 1641 Primrose Ave.; Virginia L. Jenkin, 57, of 2412 St. Clair Ave.; Linda F. Vaughn, 35, of 1710 Delmar Ave.; Diane L. Hollis, 27, of 6 Water-town Circle; Mary Galfro, 63, of 3196 Jell Ave.; Jarl L. Jordan, 23, of 200 Holly Mobile Home Park; and Kimberly R. Jackman, 22, of 2284B State St.

## WOMAN INJURED WHEN PARKED VEHICLE IS HIT

Marie Deokmedjian, 57, of 1646 Olive St., was injured during the weekend after her auto allegedly struck and struck the rear of the car, pushing it 20 feet forward, police said.

The owner of the second car is Pam Ronney of 2906 Yale Drive.

Mrs. Deokmedjian said she was looking at a fast-approaching car that was behind her. She failed to see how close she was to the parked vehicle and struck the rear of the car, pushing it 20 feet forward, police said.

## Engineers plan 40-year reunion

The U.S. Army's 340th Engineers had a long and distinguished record in World War II—a long-revered record which is destined to be spotlighted when the regiment holds a 40th-year reunion Sept. 28-30 in Omaha, Neb.

The 340th built the Alcan Highway in Alaska and Canada and fought in the Pacific area, including Luzon in the Philippines and Morotai in the Netherlands East Indies.

Tasks included building bridges and battling Japanese. The soldiers' construction units were overseas for 44 months.

Among those taking special interest in the event is John Petish, Granite City, who fought with the 340th throughout the war and is attending the reunion. Mid-American 340th veterans wishing to make the trip may contact him at 877-1728.

Petish was among those who met in Nebraska a year ago to plan the big get-together. It was agreed that the 12-month span would prove useful in attempting to locate as many of the veterans as possible.

Also at Omaha last Sept. 16 were Illinoisans Anton Budny of Albers and Everett Robinson of Monticello, plus residents of Nebraska, Wisconsin, Missouri, Kansas, Ohio, Indiana, Louisiana and Oregon.

About 400 may attend the reunion in the Holiday Inn at Old Mill, 655 N. 100th Ave., Omaha.

Highlights will include banquets on the three evenings, plus time for reminiscing and renewing friendships.

## Fund-raiser set for GC mayoral campaign

Von Dee Cruse, candidate for mayor of Granite City, has announced that a campaign kick-off picnic will be conducted on Wednesday, Sept. 12. The event will be held at Wade Rollins picnic grounds, 4261 Revell Lane.

According to Elmer Miller, arranger for the event, the picnic will be a fund-raiser. Tickets will be \$25 per couple. Food, refreshments and musical entertainment will be provided.

Additional details or tickets can be obtained by calling Mark Goldenberg, campaign treasurer, at 877-0088 during the day or 451-7458 during the evening.

## SHED BURGLARIES ON YALE

Sheds at 2908 and 2910 Yale Drive were burglarized last week by breaking locks. Items taken included two tables.

# PRESS-RECORD Thursday SPORTS

## A Sports Special

# The '28 gridders: One of the Warriors' best

By AL BARNES  
for the Press-Record

Back in 1921, classes opened at Granite City High School in its present location. That year, Granite City High's football program opened its inaugural campaign under the coaching of J. C. Dolly, and posted a 3-6 record.

Since that time, there has been only one team, the 1928 Warriors, who have recorded an unbeaten, untied season.

In nine games, in fact, only 18 points were scored on Granite City High, in a perfect 9-0 campaign, with three opposing schools — Belleville, Collinsville and Gillespie — able to score one touchdown against the awesomely strong Granite City gridders. Of the three teams scoring on the Black and Red, only Gillespie apparently came close, losing by an

First team selections were: right end Edgar Caldwell, right guard Sam Gobble, quarterback Ed Rich, left halfback Charles Colin and fullback Tom Wilson.

The quartet of Warriors named to the conference second team all-stars were: right tackle and team captain Ted Stroud, left guard Eddie Beshore, left end Chuck Shirley and right halfback Francis (Salty) Parker.

The last named star griddier was also an outstanding basketball and baseball star player still active. He's director of the San Francisco Giants entire system of infielders.

He signed with the New York Giants in the spring of 1930, but only that time — full athletic scholarship at the University of Illinois in the three

**GRIDIRON GREATS.** Members of the 1928 Granite City High School football team which finished the season undefeated include (beginning front left) L. Visser, Joe Acquaviva, E. Caldwell, W. Carbonnier, S. Gobble, T. Stroud, E. Beshore, M. Dykes, C. Shirley, O. Rogan and L. Evanoff. In the

second row are C. Barry, R. Evans, L. Hopkins, K. Thomas, F. (Salty) Parker, Ed Rich, T. Wilson, C. Colin, P. Rich, E. Stainton and R. R. Pinkerton. In the back row are E. Thurston, C. Lancaster, H. Harding, G. Moran, H. Williams, W. Holsinger, E. Magness, J. Rich, W. Daggy, H. Lignoul and O. Halter.

(Press from 1929 "The Gridders" Yearbook)

**In nine games only 18 points were scored on Granite City High, with three opposing schools — Belleville, Collinsville and Gillespie — able to score one touchdown against the awesomely strong Granite City gridders.**

apparent close 14-6 score.

In fact, second year coach, Byron Bozarth, who had seen his Warriors build a 14-0 lead with just minutes left in the game, substituted liberally and Gillespie was able to score one.

The two other schools who scored just one against Granite City in 1928 were Belleville and Collinsville. The Warriors nearly demolished Belleville 25-6 and ran roughshod over the Collinsville Kahoeks 32-6.

In fact, Granite City got tougher and tougher as the season wound down and the Warriors posted their first league championship. There was no let down as the Granite City 11 came to its last four games with a quartet of awesome opponents. In order, the Warriors knocked off the Alton (then known as the Hilltoppers), 13-0, the East St. Louis Flyers, 19-0, Stanton Miners, 18-0 and the Edwardsville High Tigers, 32-0.

What a blaze of glory. Only two other Granite City High teams came close to equalling the 1928 11's win-loss percentage: 1928 11's 100 percent; 1930 squad's 89 percent; 1931 team's 80 percent, no losses and two ties season. The coach was again Bozarth.

The other 329 Warrior 11 was the 1946 edition, coached by Lawrence McCauley and quarterbacked by Bill Schooley.

Eight members of the '28 Warrior 11 were honored by being picked on all-conference selections, four on the first team and four on the second team.

## Meet Waterloo Today

# Trojans drop opener to Afton

AFTON — The Madison High School soccer team became the first prep soccer team in the Quad-City area to take to the field of competition Tuesday, but unfortunately the Trojans were also the first team to register a loss.

Playing against Afton High in its season opener, the Trojans fell behind Afton 4-0 before eventually losing 4-1.

Afton took the lead in the contest at the six-minute mark. The Trojans were tagged for a tripping penalty which enabled Tino Hatziorgiou to score on the penalty kick.

AFTON padded its lead with just nine minutes remaining in the half.

sports — football, basketball and baseball. He played the summer of '30 in the Giants' farm system under an assumed, bogus name.

A member of that '28 squad who failed to letter but who went on to worldwide fame as a graduate of West Point, was retired U.S. Army General, Andrew Jackson Goodpaster. Before retiring in December 1974, Gen. Goodpaster commanded a 40-year U.S. Army career as the supreme commander of the North Atlantic Treaty Organization (NATO) forces in Europe. Gen. Goodpaster, in a highly unusual appointment, was named Supt. of West Point after he retired in 1977.

Other letter-winners on the '28 Granite City football squad were: Ernest Rich, Melbourne Dykes, Oren Morgan, Joe Acquaviva and Bill Carbonnier.

The members of the reserve football team, all of whom served as beaten and bruised cannon-fodder for the veteran starters, were:

H. Thurau, R. Colin, W. Niedringhaus, J. Taylor, E. Worthen, S. Sobolewski, E. Holschouer, W. Blevins, H. Maxwell, N. Courtney and F. Williams.

J. Markham, C. Hackenthal, Frank Mercer, R. Colin, K. Schrimp, P. Whitehouse, Charlie Hakekost, C. Buehler, Suire, Pendell, O. Brendt, Bill West.

E. Hawke, Roman, A. Holland, R. Briggs, W. Johnson, Bill Fedorchek, H. Lockhard, C. Wise, G. Gossieck

and Bill Clendenin.  
F. Vasil, L. Doty, A. Luade, H. McClellan, Louis Mehl, A. J. Goodpaster, R. Hamm, Rische, E. Robertson, Bill McDewitt, M. Hunter, B. Braden, K. Wilson, V. Zabel, Webb, C. Boggs and C. Ritchie.

The 1928 record:

**CONFERENCE GAMES**

Granite City 19, Wood River 0

Granite City 25, Belleville 6

Granite City 12, Alton 0

Granite City 42, Collinsville 6

Granite City 13, East St. Louis 0

Granite City 32, Edwardsville 0

**NON-CONFERENCE GAMES**

Granite City 7, Mt. Olive 0

Granite City 14, Gillespie 6

Granite City 18, Stanton 0

Other regulars on the '28 squad who were starters but got enough playing time to win letters were: R. Thurston, C. Lancaster, H. Harding, George Moran, H. Williams, W. Holsinger, E. Magness, J. Rich, W. Daggy, H. Lignoul, O. Halter, C. Barry, R. Evans, L. Hopkins, K. Thomas, E. Stainton, J. R. Pinkerton, L. Visser and L. Evanoff.

Coach Bozarth, starting his tenure in 1927 (with a 6-3 record), went on to post 20 seasons playing under the

quit in 1952 with his most disappointing season: 1-8-0.

In his 20 years coaching football at GCHS, Bozarth recorded 84 victories, lost 83 and tied 11. He won four conference crowns over that stretch.

Research reveals that the Warriors' first season playing under the lights was 1935 and the results weren't too good: one victory and eight losses.

The next season, however, they completely reversed that record, 8-1.

Eight minutes into the second half, Tino Hatziorgiou picked up his second goal of the afternoon as he pushed a shot past Glasper. Hatziorgiou received the ball on a tripping pass before putting it in the right corner.

AFTON virtually secured the victory at the 63-minute mark of the contest when Tino Hatziorgiou picked up his second goal of the contest. Afton's fourth, on what can be described as the best shot of the game.

Hatziorgiou dribbled down his right sideline and, from 20 yards out, slapped the shot past Madison's defense for Afton's final score of the contest.

Afton, however, did not monopolize on all the scoring. At the 67-minute mark, the Trojans erased the goose egg from the scoreboard when Brian Brown scored an opposite foot goal which easily beat Afton's defense and found the back of the net.

DESPITE the opening game loss, Trojan Coach Gene Briggs said he liked what he saw in the game.

"We really didn't play poorly, we just made some mistakes. And, they're a good ball club. If you make mistakes against a club like this one, they'll take advantage of them."

Briggs said the Trojans still need practice time to polish their game, but he was most excited about his team's enthusiasm on the field.

"We still need some work on fundamentals, improve our skills, but the team attitude is excellent. The skills will come."

The Trojans will get their opportunity for more playing time this afternoon as they make their home debut against Waterloo High. Action begins at 4 p.m.

## At Cougar Field

# SIUE clips GC-ladden R'birds

By AL BARNES  
for the Press-Record

EDWARDSVILLE — Granite City's (South High) Jim Kelahan, in less than 37 seconds, could well have gone from hero to goat Tuesday night here on the Southern Illinois University at Edwardsville soccer pitch as Illinois State University and the SIUE Cougars squared off to see which team would be the unofficial collegiate champion of Illinois soccer.

Coach Bob Guelker's SIUE kickers won the game, 3-1, but the slender Kelahan, on a brilliant bit of ball-handling, dribbled in on the Cougars' goal from the right side and, at the last split second, fed the ball off to Illinois State's striker, Leo Guzman, a sophomore import from Caracas, Venezuela, who clearly and completely beat Dave Cappetta for the goal and an Illinois State University 1-0 lead.

That leading goal came at 45:24 in the second half. And, since Illinois State had upset the Eastern Illinois University Panthers, 1-0, last Saturday on the losers' field in Charleston by a goal by Mark Winters, it did the necessary "finishing" touch.

Because, in that first half, the Illinois State defense, led by Kelahan, had shut off the Cougars' goal tries with cold precision.

But, less than 25 seconds after Illinois State had taken the one-goal lead, Kelahan was "whistled" for tripping Bruce Bellingier in the area, although the Cougar winger wasn't in a position to shoot. Defender Mike Gates took the direct penalty kick

and the game was tied, 1-1.

From the point on, with the SIUE defense anchored by Granite City's Steve Trittschuh, the Cougars almost completely shut out the Red Birds' offense allowing just one shot on goal by midfielder Pete Bowers.

For the game, SIUE racked up 22 shots on goal to Illinois State's five. SIUE's dominance of the game wasn't merely a result of being "at home" since the crowd was nearly divided because of many of the fans were from Granite City and Alton and particularly Granite City.

In the Illinois State lineup, starters, included two others from Granite City in addition to the already mentioned Kelahan, midfielders Fritz Brewer and Scott Vickers.

In the press-box, beat the Illinois State goalie, scored the game's final goal unassisted. The ball really went into the back of the net off Kelahan who desperately attempted to "clear" the ball but failed.

At 65:33, Illinois State had a big chance to get back into the game and reduce the lead to 3-2 when Chris Hundt fouled Bellingier. Mark Winters "took" the direct penalty kick for the Red Birds and the Cougars' keeper, Dave Cappetta, hardly moved when the try was soft and to the left.

## Downs Cardinal Newman

# Women debut with win

EDWARDSVILLE — In a remarkable closely-fought game for both squads, the women's varsity soccer team opened its 1984 season with a 2-0 victory over the Cardinal Newman College kickers of St. Louis. Tuesday night, the game was a "curtain raiser" for the men's contest with Illinois State. Coach of the SIUE women kickers in Mike Kelley.

SIUE's Sue Balota, a forward, off a crossing pass from sub Shelly Sarach, put the Cougars ahead, 1-0, at 34:12. Then, suddenly (at 59:58) into

the second half, SIUE made it 2-0 on a goal by Granite City's Susan Bell, who converted a pass from Balota.

It was opening games for both teams; in fact, it was the first game ever for Cardinal Newman.

SIUE clearly dominated the game on offense: 35 shots on goal to the losers' 18.

Other Granite City girls in the SIUE lineup were: defender Patricia Atkinson, Mary Bisch, Jennifer Boyer, Susan Buenger, Deanna Enfers, Lisa Sarich and keeper Theresa Soelner.

**STEVE'S DEFENSE.** Steve Trittschuh, No. 3 of Granite City, controls the ball against Illinois State University's leading scorer and striker Leo Guzman of Venezuela. Moving up to lend Trittschuh a hand is SIUE defender John Gates. The Cougars defeated the Redbirds in Tuesday evening's game at Cougar Field.

(SIUE photo)

## This Saturday

## 800 to participate in parade

GRANITE CITY — More than 800 youths and coaches are expected to participate in the Quad-Cities Soccer Association annual soccer parade this Saturday.

Beginning at 10 a.m. the parade, which annually kicks off the fall soccer programs in Granite City, will start at the old Nansook School and proceed east down Pontoon Road, concluding at St. Elizabeth's Soccer Field.

ODE at St. Elizabeth's, the program will include a keynote address, the official opening of the season and the drawing of attendance prizes

donated by local businesses. Official QCSA league play will begin immediately after the opening ceremony.

Coaches whose teams will be participating in the parade are reminded to have their teams at Nameoki School by 9:45 a.m.

On Friday, Sept. 7, and part of the Soccer Week festivities, a series of instructional soccer films will be shown at 7 p.m. at the Wilson Park Ice Rink. The movies cover the development of individual soccer skills and the general rules of the game.

## Benefits Waterfowl

## New GC Ducks Unlimited chapter plans fund-raising banquet Sept. 13

According to Tony J. Zedolek, chairman of the newly organized Granite City Ducks Unlimited committee, persons from Granite City and surrounding areas interested in participating in a practical conservation program will be given an opportunity to do so come this fall.

"As a local representative for the international waterfowl conservation organization Zedolek said, 'When it comes to conservation, there are a lot of good people out there with good intentions who would really like to make a positive difference in how wildlife is perpetuated on this continent, but just don't know how to go about it.'"

Zedolek went on to say that he volunteered to help raise funds for Ducks Unlimited because of the organization's impressive habitat track record. Since 1937, Zedolek said that this private, nonprofit organization has constructed more than 2,100 wetland projects throughout Canada — a country where over 70 percent of North America's ducks and geese are produced and where Federal Duck Stamp dollars can't be spent. As a result, Ducks Unlimited has reserved more than 3 million habitat acres and created more than 13,000 miles of crucial nesting shoreline for the waterfowl.

Concluding his remarks about the importance of DU's conservation effort Zedolek stated, "Our committee will soon be calling on conservation-minded individuals within the community to help support our DU fund-raising banquet scheduled for Sept. 13 at the Granite City Knights of Columbus Hall. We're going to have a lot of good food, good prizes and good fun for everyone, and those who attend can rest assured the dollars we raise are going to a very good cause."

During the fund-raising banquet there will be an auction of valuable

art prints by famous wildlife artists, such as John Eberhardt, Lynn R. Kaatz and George C. Kieffer's "Illinois Duck Stamp."

Tickets for the banquet are available at Lane's Archery, 1837 Delmar or from Vernon Lockridge at National Auto Parts, 190th and Madison Avenue, or from Zedolek.

Persons seeking further information about the banquet or Ducks Unlimited may contact Zedolek at 877-5586.

prints by famous wildlife artists, such as John Eberhardt, Lynn R. Kaatz and George C. Kieffer's "Illinois Duck Stamp."

Tickets for the banquet are available at Lane's Archery, 1837 Delmar or from Vernon Lockridge at National Auto Parts, 190th and Madison Avenue, or from Zedolek.

Persons seeking further information about the banquet or Ducks Unlimited may contact Zedolek at 877-5586.

## Deer archery season maps made available

Persons seeking information about archery deer hunting seasons in Illinois or other states may find the information they need at a local sporting good store.

According to Nate Barg, general manager of Earl's Sporting Goods Stores, the store in downtown Granite City is offering a map of the continental United States listing opening and closing dates of deer archery season.

Barg said the maps, which are offered exclusively at the downtown location at Cleveland and 19th, are free to the public.

## Forfeiture checks are now available

The Granite City Park District announces to the summer softball managers that the forfeit fee refund checks are in the Wilson Park office. The checks may be picked up Monday through Friday from 9 a.m. to 5 p.m.

These checks are for teams which did not forfeit a game during the 1984 season. The checks are made out in the manager's name and he or she will be required to show identification and asked to sign for the check.

## SportsBriefs

## Wrestling

## Club plans benefit dance

The Granite City Wrestling Club has slated Saturday, Sept. 22, as the date for its second annual benefit dance.

The dance, which will be at the Madison Croation Home, 1000 Madison Ave., will begin at 7:30 p.m. Dinner will be served at 8 p.m. followed by dancing which is scheduled to begin an hour later.

For the \$20 per couple ticket price, persons receive dinner, beer and setups, and live music performed by the High Rollers.

Persons seeking tickets or further information should contact either Bill Widel, 797-1834, Tom Sparks, 451-1375, or Monte Kessler, 931-0581.

## Exercise

## classes at Madison Center

Evening exercise classes for women are being formed at the Madison Recreation Center, according to Shirley Greer, director of the center.

Classes will meet four times a week, Monday through Thursday, from 6:30 to 8 p.m. The fee for the workouts, which are for women 18 years and older, are \$10 per month.

Persons wishing to register for the classes should call the recreation center at 451-1440.

## Gymnastic

## registration

The Madison Recreation Center, located at the corner of Seventh and Lee Streets, has slated Saturday, Oct. 6, as registration day for its girls' fall gymnastics program.

Registration for the program, which is 50 cents a session, begins at 1 p.m.

Shirley Greer will instruct the classes.

## Exercise

## classes begin

Exercise classes will begin Monday, Sept. 10, at The Renaissance Fitness Center, 3901 Stearns.

The classes are a combination of stretching, aerobics and spot exercising choreographed to music.

Classes are offered day and evening. Persons should call 931-5850 for information.

## Gavlick joins

## Redmen team

Lee Gavlick, a Granite City High School North grad, will play for the Sauk Valley College Redmen Soccer

team this fall. According to Sauk's head coach Al Hardersen the addition of Gavlick will solidify a solid defense for their side.

Hardersen said, "Gavlick brings years of soccer experience that fits into our philosophy of tough defensive soccer. He should complete our already strong back line and help to make Sauk a force to be contented with."

Sauk has long had a commitment to helping soccer players develop both on and off the field. As a result, eight former Redmen Kickers are currently playing at the university level with several acting as captains for their new teams.

"Lee seems to be a young man who has the potential to do very well here at Sauk and then help at the

Division II or maybe Division I level," Hardersen said.

## Golf tourney

## to benefit Children's Hosp.

Cardinal Glennon Children's Hospital will sponsor a golf tournament on Sept. 28 at the Columbia Golf Course in Columbia, Illinois. Proceeds from the event will benefit the pediatric hospital.

For further information, persons should contact the Development Office, Cardinal Glennon Hospital, 1465 S. Grand St., St. Louis, 63104 or call (314) 577-5605.

## GCHS Re-enters After 11-Year Absence Ready, Set; The SWC is waiting

By ALAN L. GERSTENECKER  
Sports Editor  
of the Press-Record

**A**fter an 11-year absence, Granite City High School is coming home to the Southwestern Conference.

Granite City High School, one of the charter members of the Southwestern Conference, left the league 12 years ago to become an independent. Granite City, which by then had been separated into two schools — North and South — along with other former SWC schools such as Edwardsville and Cahokia, later became one of the charter members of the Gateway East Conference which began during the 1979-80 school year.

**THE GEC** turned out to be a neat, little, five-school conference whose members, for all intents and purposes, had become disgruntled with the stiff competition of the SWC. With old SWC members such as Cahokia, Edwardsville and Granite City, the GEC was clearly an offspring of the SWC.

But just when everything appeared to be going well for the GEC, things began to sour.

For starters, rumors began to surface that Granite City's Board of Education was considering the unthinkable — consolidating the high schools as well as many other schools in the district. Consolidating the high schools, after a just a mere 10-year separation. Many contend that that was just

about the time that each high school had established its own personality.

**BY THE** Ides of March of 1983, the word was official. Granite City would have just one high school for the 1983-84 school year.

Not only was news of the consolidation bad for Granite City and Granite Cityans, but also it had an adverse effect on other communities as well. Communities like Edwardsville, Cahokia and Belleville.

The consolidation of North and South High Schools posed two problems for GEC member schools. First was the obvious absence of North and South, but also it spelled the demise of the GEC. It threatened the very existence of the GEC. Today, those former GEC members remain independent.

**GRANITE CITY** wasted little time in aligning itself with its old friend, the Southwestern Conference. By mid-summer 1983, the Granite City Board of Education accepted the invitation by then SWC President Robert Middleton to rejoin the loop.

After a few technicalities which waived new member probation, Granite City was easily voted in.

Rejoining the SWC changed Granite City's schedules very little. Playing regular season games with Belleville West and East, Collinsville and Alton, the only real newcomer that the Warriors will see on the field of competition is East St. Louis Senior.

Now a full-fledged member of the SWC, the Warriors are once again a member of perhaps the most prestigious conference in Illinois.

**SO THERE'S** a certain amount of drawback being in such an elite loop. Put plainly, the Warriors will face some of the toughest competition in Illinois on a regular basis.

Consider this. There are 15 sports in which the Warriors and other members of the SWC compete, ranging from football in the fall to girls' soccer in the spring. Of those 15 sports, a member of the Southwestern Conference won three, or one-fifth of all the titles awarded in Illinois high school athletics.

Those state championships were won by East St. Louis — football and boys' and girls' track, not to mention the successes of Collinsville's, Alton's and East St. Louis' basketball and baseball programs.

Pretty impressive stuff.

**JUST FOR** the record here are the SWC sports and the teams which won them last year: Soccer — Collinsville; Golf — Belleville West; Girls' tennis — Belleville West; Football — East St. Louis; Cross Country — B. East St. Louis; G. Belleville West; Basketball — B. East St. Louis, Alton (tie); G. East St. Louis; Wrestling — Belleville East; Baseball — Alton; Softball — Belleville West; Boys' tennis — Belleville West; Track — B&G. East St. Louis. All Sports Trophy — Belleville West.

# Intro-Preface Warriors Football

## GC grid: New coach and enthusiasm

For first-year Granite City High School football coach Ron Yates, the Warriors' already difficult season, which is slated to begin tomorrow, has been made even more so by a teachers' strike which has left him and his coaching staff sidelined and his athletes carrying on their own, undirected practices.

To complicate matters, the Warriors, who went 3-5 in last season's independent campaign under Coach Tom Wyrostek, are re-entering perhaps the most prestigious and fiercely-competitive conference in the state — the Southwestern Conference.

After playing old Gateway East Conference rivals like Edwardsville and Cahokia last year, the Warriors' 1984 season could very much be a baptism of fire.

The Warriors are slated to begin the season at home Friday against Jacksonville before beginning conference action the following week against perennial powerhouse Belleville West. Last year, the Mighty Maroons embarrassed the Warriors 41-0 in their first home game of the season.

And, as if competing with the likes of Belleville West won't be enough, the Warriors, because they're re-entering the Southwestern Conference, will have the ill-fortune of meeting last year's state champion, East St. Louis. Last year, the Flyers were 13-0 enroute to the state championship. And, reports out of East St. Louis are that the Flyers appear to be as strong this year.

Welcome back to the Southwestern Conference, Granite City.

Yates, who admits he has a long, difficult job ahead of him, is pragmatic enough to realize this year and the next couple will probably be rebuilding years for the Warriors.

"We've got quite a job ahead of us," Yates said in GCHS' gym annex after a practice. "Some of these kids haven't even had a winning season. It's important that they get their confidence back before we begin our season. That's what we're trying to do in our practice sessions — restore some confidence."

Realistically, Yates said he and his coaches are looking to win three or four games this season. To do that, he said, against the high-caliber teams of the SWC, will be enough of an accomplishment, a springboard, for the redevelopment of the Warrior football program.

IT'S THAT redevelopment of GCHS' football program that Yates is most concerned with.

"I don't want to build up any false hope," Yates explained. "There's no way I'm going to go in there and tell them that they can win it (the Southwestern Conference)."

"I can accept defeat. If we get beat I want it to be a better team. I don't want to see us beat ourselves. I'm not saying that I like a good loser, and I don't like a bad loser, either," Yates said. "We're going to

lose some games before we can turn this program around."

ONE TACTIC Yates is using to restore confidence to the Warrior gridriders is to explain the relative difference between schools like Belleville West and Granite City. "To rebuild this program our kids have to realize that these other athletes are the same age as they are. They wake up to breakfast the same way we do. They put their pants on the same way we do. They're the same everything we are," Yates said. "Their success is just a matter of tradition."

One tradition Yates is hoping to instill in his program is weight training. "Nowadays, weight training means so much to the success of a football team," Yates said.

"In the 50s and 60s the old adage was that if you work out with weights you couldn't play anything. You were too bulky."

"It's not that way anymore. You look at all the successful programs. They're on weight programs. Nowadays it's considered a must part of conditioning."

YATES' plans for his Warriors once the season begins is to lift twice a week. A heavy workout early in the week, Monday, complemented by a lesser, lighter workout later in the week, Thursday.

"The idea of limiting the kids to just two workouts during the season is so they'll retain their strength once the season has begun," Yates said. "We're in the season now, all I can realistically accomplish now is to have them retain their strength."

Then when does Yates expect his athletes to most reap the benefits of a weight training program? The first-year Warrior coach had a simple, three-word reply.

"In the off-season."

"The key to successful weight training is the off-season. As soon as this season is over we're going to begin a weight training program for all athletes who wish to participate. I think it's that important," Yates said.

IN ADDITION to the weight-training programs off the field, Yates has a plan for on the field as well.

Led by third-year quarterback Shane Cole, the Warriors will run their offense from variations formations of the "I."

"We'll utilize the Power 'I', the 'Y' wing and the 'T' slot primarily, but you'll see Set Slot and Set Pro formations as well," Yates said.

In the "I" formation, the halfback and the tailback or "T" back, as it is called if that formation, line up in an "I"-like formation behind the quarterback, hence the name "I" formation. Variations of the formation include utilizing a slot back, a flanker back or even an inside receiver which "stacks" one side of the line into a "power" situation.

THE BACKFIELD behind the 5-foot 10-inch 165-pound Cole has yet to be decided. Hindered by not practicing, Yates' list of possibilities includes senior fullback Steve Jacobs, 5-10, 175 pounds, and junior Mike

Jose some games before we can turn this program around."

Unlike many Fall Sports Previews which include only football or football and soccer, this Granite City Press-Record Fall Sports Preview includes ALL fall sports — cross country, golf, volleyball and girls' tennis in addition to football and soccer. After all, those people work at their sports just as hard as the football and soccer athletes do.

Hence, it is our intent to provide you, our readers, with more than the traditional fall sports reporting.

The following members of the Press-Record sports staff have assisted in assembling, reporting and photographing particular segments of this supplement.

Charlie Skaer: Reporter and photographer. Charlie has been with the sports staff seven months and eagerly pursues each assignment with camera in hand. A graduate of Southern Illinois University at Edwardsville's journalism school, Charlie is a concise, accurate

reporter with a real love for sports. Skaer, when not on assignment, is working on his master's degree.

Paula Wise: Reporter, photographer and educator. Paula came to us last fall following the consolidation of Granite City's two high schools. Paula, who received her teaching degree from SIUE and substituted in the Granite City School district before the consolidation, is now teaching at the St. Louis Christian Academy.

A former Granite City North volleyball coach, Wise is an avid sports fan as well as a participant.

Rachel Newsome: Reporter and blossoming photographer. Rachel is the newest member of the sports staff. In fact, her work on the sports supplement, were her first assignments. Her enthusiasm will carry her far.

Al Barnes: Last, but certainly not least, Al is the senior member of the sports staff. While the rest of us were hustling around, making and meeting assignments for the supplement, Al assisted with the regular assignments.

Alan L. Gerstenecker Sports Editor

**LINE COLLISION.** As the saying goes, "a football game is won or lost in the trenches, the offensive line." Granite City High School's offensive line looks to be one of its

strong suits this year. With five big linemen up front averaging 219 pounds, the Warriors' line may be the key to making the offense click.

Fenoglio, 5-11, 180 pounds.

Other possibilities include David Tatum and Pat Keeling as "I" or tailbacks. Tatum is 5-11 and weighs 185 pounds while Keeling is 5-10 and weighs 155 pounds. Both are juniors. Kurt Hylia, one of three tri-captains on this year's squad, will be utilized in the pro-back formations. Hylia, a halfback, is 6-3 and 185 pounds.

Other halfbacks include Ron Owens and Don Merz. Owens is 5-9 and weighs 180 pounds while Merz measures in at 5-8 and 155 pounds. Hylia is a senior while Owens and Merz are both juniors.

Another pair of backs, Yates listed as seeing action this fall will be David Gushleff, a 5-8, 140 pound junior, and Ed Goelan, a 5-10, 145 pound junior who will backup Cole at quarterback.

THE WARRIORS' wide receivers thus far appear to be Eric Graves and Boyd Presley. Graves is 6-10 and 160 pounds while Presley is 6-10 and weighs 180 pounds. Both are seniors. The Warriors' list of tight ends includes four potentials, two seniors and two juniors. The seniors are Gary King and Randy Davis, measuring in at 6-3, 205 pounds and 6-1 and 170 pounds respectively.

The juniors include Chris Moad and Steve Davis. Moad is 5-10 and weighs 165 pounds while Davis, also 5-10, weighs 160 pounds heavier, 175 pounds.

The Warriors' offensive line may be one of its strongest points this season. It's probable starting five include Eric Mueller at center, Tim Moran at guard and another of the Warriors' tri-captains, Tracy McElroy at the other guard's position. Danny Lieneman at one tackle's post while Chris Luffman, the third Warrior tri-captain, will man the other tackle position.

ASSUMING there are no injuries, the Warriors' offensive front five will average 219 pounds. Mueller, a senior, is 6-2 and weighs 205. Moran, also a senior is 5-9 and tips the scale at 185 pounds. McElroy, a junior, is 5-10 and weighs 185 pounds. The tackles, Lieneman and Luffman, are where the Warrior beef is. Lieneman, a junior, is 6-3 and weighs 225 pounds, while Luffman is 6-2 and weighs 285 pounds.

Other linemen likely to see action this fall include Kip Simpson, center, 6-1, 170 pounds; Chris Greer, junior, guard, 5-10 and 185 pounds; Joe Boyd, a 6-1, 210 pound junior tackle and Dale Schaefer, 5-10, 210 pound senior tackle.

DEFENSIVELY, the Warriors will sport a "Split-Six" defense, a defense used last year by the War-

riors and, for several years before that, by the Steelers at Granite City North by assistant coach and defensive coordinator Bob Stegemeier. In a "Split Six" defense, there are essentially six men on the defensive line. Two down tackles make up the two inner-most linemen while a defensive end and an outside line-backer, both in an up stance, line up to each side of the tackles.

Stegemeier, who admittedly said he has yet to determine how much platooning the Warriors will use this year, said he has five candidates for the two down tackle positions.

IN ADDITION to Luffman and Lieneman who will each be playing defense as well as offense, other possible starting tackles include Lonnie Cook, a 6-2, 200 pound senior, and Schaefer and Davis who are also listed as possible starters on offense.

Leading the way for the defensive ends' positions are Vince Steck, a 5-8, 135 pound senior who played defensive back for the Warriors last year. Moad and Davis, candidates for the tight ends' positions, and Chris Reuter, a 6-0, 170 pound senior.

Probable starters for the two outside linebackers' positions are Chris Greer and Chris Lilley. Greer is a 5-9, 175 pound junior while Lilley measures in at 5-10 and 155 pounds. Other alternates, Stegemeier said,

include King and Davis, both also tight end candidates.

FILLING in the two inside line-backer positions, those positions three yards off the line and between the down tackles and the defensive ends, will be Moran and Fenoglio, Stegemeier said. Alternates there will include backup center Simpson, McElroy and Jim Stanley, a 5-9, 170 pound senior.

The Warrior secondary will consist of cornerbacks Hylia and Jon Konkovich, a 5-9, 155 pound senior. Others expected to see action in the Warrior secondary are Gushleff, Merz and Pat Griffith, a 5-8, 135 pound junior.

"We've got some good talent," Stegemeier said. "But our biggest problem is depth and size. Should we get injuries in key positions, it'll be tough for us to fill them. We've got to stay injury free."

# Warriors

## Soccer

# GCHS soccer team is long on depth

Looking back over last season's 15-4-2 record, Granite City High School soccer coach Gene Baker called the 1983 Warrior campaign a rebuilding year.

Following a state championship in 1982, the Warriors "didn't have all the talent" in 1983 that they did the year before. Still, the Warriors made it to the quarterfinal round of the state tournament before losing 1-0 on penalty kicks to the eventual state champions, the Glenbrook North Spartans.

This year, however, Baker says his team is again ready to accomplish great things.

"We had some excellent people last year in Matt (Sheridan) and Nathan (Crane), but this year we should be even stronger," Baker said.

For starters the Warriors, sporting a 71-man roster on its combined sophomore, junior varsity and varsity teams, have more depth than last year's team, Baker said.

"This year, we have a great measure of what we didn't have last year, depth," Baker said. "Last year was a rebuilding year. We were trying to merge two varying styles of soccer from the two high schools. I felt like we had a fine group of kids last year. We feel like some of the merits of last year's team may be more evident in this year's team. We're hoping for some good things this year."

**THIS YEAR**, Baker says he's "optimistic" about the coming season despite the teachers' strike which now has him and his athletes sidelined.

"I'm very optimistic about this season. We had 20 practices — counting the three-a-days and the two-a-days — before the strike. So, we were getting into very good physical condition and getting ready to get into some other things including tactics."

"I think they've come a long way in these early practices. I like their personality and the team chemistry of this year's group," Baker said of his 1984 squad.

**UNLIKE** last year, when Granite City's two high schools merged and when the Warriors had tri-captains, this year's squad will have but a

single team captain, senior Mike Houston.

Baker described Houston, a Warrior stopper back, as the emerging candidate for the captain's position this year.

"We've always emphasized role-playing on the team," Baker said. "Mike has fine leadership abilities and he's an outstanding athlete. It's a great deal of responsibility to put on his shoulders, but we believe he can handle it. Also we thought it best to limit the team captain's position to one person."

**JEB** Blasingame, the Warriors' three-year letterman and goalie for the 1982 state championship team and one of three captains named to last year's team, was obviously not selected as one of the team's captains.

Baker addressed the question. "Last year, with the merging of the schools naming several captains was the obvious thing to do. Jeb's a fine athlete who's rich in experience. He's an excellent soccer player who, too, has leadership qualities. He's the student body president and we thought it'd be too much of a burden to ask him to be team captain as well," Baker said.

"We have several fine people who could be team captains. Not only Mike and Jeb, but (Scott) Grote, (Brent) Cook and (Greg) Gobble as well. So what do we do? Name five team captains, which is getting a little ridiculous, or one."

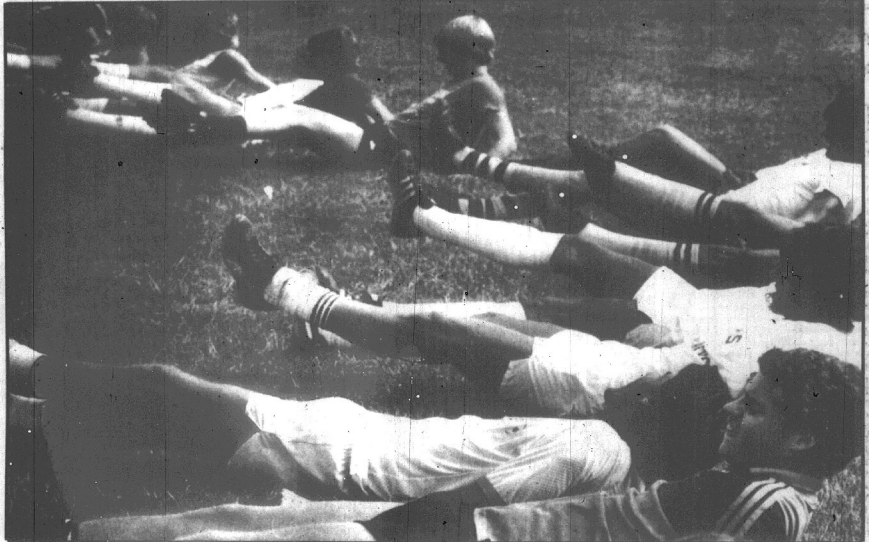

Blasingame, a senior, apparently has the wraps on the goalkeeping job again this year, but is being pressured by junior Terry Dutko, Baker said.

"Terry is probably the best backup goalie in the area and for that matter the best backup goalie that we've ever had," Baker said. "We feel fortunate that he'll be with us another year."

**BAKER** plans for the Warrior backfield include Grote, a senior, who he calls his "best performing, best promising junior player on last year's squad."

Accompanying Grote and Houston on defense will be yet another senior, Cook, who will play wing fullback.

In the midfield, Baker has tentative plans for Gobble and junior

**SOCCER LEGS.** With more than 100 athletes showing up for its inaugural practice, Warrior coach Gene Baker and his staff had their work cut out for them. More recently, before

the teachers' strike, the team has been cut to a more manageable amount, 71. Baker says as good as last year's team was, this year's team should be even better.

Dennis Gaudreault. Others who will see action this fall in the midfield include juniors Jeff Zukas and Gary Sikora.

Potential starters in the forward line, include seniors Derek Merz, Mike Dennis and Dave Baggett as well as juniors Scott Blasing and Joe Gray.

**OTHER SOCS** personnel who have excelled in pre-season practices in-

clude senior goalie Steve Branding, seniors Frank Soellner, Matt MacLaughlin and Chris Kahn, juniors Brett Scrump and Gary Sikora and sophomore Todd Adamitis.

Baker said the Warrior lineup will obviously include more than he included in his interview, but those mentioned are either starters or potential starters.

Regardless of how the Warriors do in the 13th annual post-season tournament which begins the final week

(Continued on Page 5)

# Stars

## Soccer

# Kickers envision a better year

Six lettermen will return to the Granite City Center soccer team this season and coach Larry Petri is looking for strength from each and every one of them.

Petri is also counting on a crop of recruits to help the team meet a variety of goals, including an improvement over last year's record. "We should stroll in somewhere around 15-5," said Petri, whose squad finished at 12-8 last season. "We have the capabilities for a successful season."

"But our number one goal is to get by Lewis and Clark. We like to do well against the St. Louis schools. But if there's one team we really want to beat, it's Lewis and Clark."

**THE STARS** won't have long to wait to reach their goal — the team's opening game is set for Sept. 8 against the Lewis and Clark Bucks. In last year's opening game, the Bucks handed the Stars a 7-0 loss. Petri says the drubbing will not be repeated.

"We're going to take off to better heights," said Petri. "I'm putting more demands on our players. I think they'll live up to my expectations."

"A 15-5 record is nice. But our real goal is to do well in the (playoff) tournament and get to the nationals. In order to do that, we have to get past Lewis and Clark."

**RETURNING** for the Stars will be forwards Tim Dean, Ben Nolan and Phil Popmarkoff, midfielder Jim Doyle, and backs Ed Freeman and Rick Moder. Petri says a key role is held by Moder, who earned All-American status last year.

"He'll be our team leader defensively," says Petri. "We're expecting a lot out of him. He'll be the one player with the most responsibility."

"He'll coordinate our defense and help hold things together in stressful situations. If he wants the (All-American) recognition again, he's capable."

**PETRI** says Doyle also will play an important role in the success of the Stars. Doyle is the lone midfielder with junior college experience, so he will be expected to provide leadership for the newcomers in the position.

"The players we brought in are coming along," said Petri. "I think they're going to help us out tremendously. But it's not going to happen overnight."

"You have leadership capability in Jim Doyle. He'll help settle them down."

Petri says Moder and Doyle must both work together to carry the team to success.

"If those two perform well, they'll present opportunities for our forwards," Petri says. "I feel our forwards can score from anywhere. They're very capable."

**WITH** three returning forwards, Petri can afford to be so confident. Dean and Nolan, 1982 graduates of Granite City North, had the majority of goals for last year's squad and Petri expects as much this year.

"They're our two offensive weapons," said Petri. "We're looking for a lot of production out of both of them. I think they'll respond."

Petri says Popmarkoff, a 1982 graduate from Granite City South, also has the potential of becoming a high scorer.

"His statistics weren't up to par last year," said Petri. "But he's got the capability to improve. It's just a question of how hungry he is and if he wants it bad enough. He can do the job."

**NEWCOMERS** to the squad at the forward position are Tim Tedesco and Jim Nations from Belleville East, Chris Schick from Riverview Gardens, Kevin Kalmer from New Baden and Wayne Conley from Bethalto.

"They're having to adjust to a different style of game," said Petri. "There's no substitute for experience. But if I don't get the per-

formance out of the three (lettermen), any of these other guys could be right up there."

In goal for the Stars will be Jeff Lantz, a recruit from Springfield, Ill.

"I think our goalkeeping situation looks strong, as long as he stays healthy," said Petri. "You don't like to go into the season with only one goalkeeper. But it's just a matter of him staying healthy."

**ON DEFENSE**, Jim Gibson will add some experience to the Stars. Petri recruited Gibson from St. Francis College in Fort Wayne, Ind. Gibson is a 1982 graduate of Granite City South.

Other backs are Scott Pelton from Hazelwood East and Tony Valenti from Rosary High in St. Louis.

Along with Doyle at midfield will be Mike Caples, Marty Rocco and Scott Heck, three recruits from Riverview Gardens.

Of the 18 members on the squad, 12 are first year players for the Stars.

"They all have to adjust to the program here," said Petri. "They have to get indoctrinated and catch up a little bit. But with each game, I expect to see improvements."

## Soccer

# Looking for first winning season

After losing just three athletes from last season's squad to graduation, Madison High School soccer coach Gene Briggs is optimistic about his team's chances of registering its first-ever winning season.

"I'm optimistic; make that we're optimistic that we can have a winning season this year," Briggs said. "Our goal this year is to win more games than we lose. Simply put, we want to beat more teams than beat us," Briggs said.

Last year, in their sixth season, the Trojans finished the season with a 5-8-4 record.

"I'm optimistic because we lost just three from last year. Sure, but what makes me more optimistic is the number of athletes we've had out for pre-season workouts," Briggs said. "Their enthusiasm is great."

Although the Trojans lost a seemingly small amount of athletes from last year's squad, even filling so few positions will be hard to replace, Briggs said. Although the Trojans' losses to graduation include just three — Derrick Newsome at fullback, Michael Young, at center halfback and Gary Campbell at goal — Briggs says those athletes will be sorely missed.

"Normally, I wouldn't be too concerned if all we lost were three, but those three were some of the best athletes on the team," Briggs said. "I'm not going to say that we won't miss them this year."

But still, even with the loss of three of his best athletes from last year's squad, Briggs continues his optimism.

"I couldn't believe it," Briggs

said. "These kids have proven that they really want to play soccer. I think we have 33 kids on the roster. Well, during the summer, we had an average of 25 kids out here practicing. That'll tell you what kind of enthusiasm they have this year," Briggs said.

Although the turnout for his summer soccer camp was more than he expected, Briggs said many of his athletes still lack good soccer skills.

"It always helps to have the experienced players. A lot of the kids out want to play, but they aren't the seasoned veterans that you need to have a really successful season," Briggs said.

Although the Trojans do have their shortcomings, Briggs says each year he coaches he's getting more athletes who truly know the game.

"There really isn't a junior program around here in Madison, but some of them are finding places to

play in Granite City leagues. Generally, their skill levels are improving," Briggs said.

For example, Briggs listed six freshmen who already have five to eight years experience. "That's a lot more than my seniors who've only been playing for four years," Briggs said. "Those are the kind of athletes that are needed to win consistently."

Briggs' list of soccer savvy freshmen include Jerry Gusheff, Clarence Williams, Greg Terrell, Jeff Beard, Neil Huniak and Arachei Valters.

ALL totaled, the Trojans have 12 athletes from last year's squad who have varsity experience.

Among those athletes with the most experience and who Briggs says will be the team leaders are Roger Kullum, a senior defenseman who was named second team all-conference last year, Delloyd Williams, a senior mid-fielder who was named to the first team all-conference last year, and Brian Brown, a senior who was an all-conference honorable mention last year.

Anchoring the Trojans' defense this season at goal will be junior Patrick Glasper and Dwayne Franklin, a senior.

Among Kullum on defense will be juniors Ken Ingram, James Isaac and DeLarren Young. Sophomore Eric Ingram will also see action in the Trojan backfield, Briggs said.

Williams will be the Trojans' strong man in the midfield. Supporting Williams' efforts will be senior William Blakley and three-year letter winners Terrence Hicks and Mark Martinez.

**VARSITY KICKERS.** The Trojan soccer team has 12 members from last year's team returning with varsity playing experience. Those experienced returning kickers include (beginning from left) James Isaac, Brian Brown, Mark Martinez, Patrick Glasper and Terrence Hicks. In the back row are Antonio Mosley, William Blakley, Roderick Kullum, Delloyd Williams, DeLarren Young, Kevin Ingram and Reggie Brown.

Also listed as midfielders for the Trojans this season will be senior Antonio Mosley and sophomores Shawn Coleman and Kevin Gardner.

In the forward line, where the Trojans hope to stir an offensive punch, will be the Brown bookends. Both seniors, Brian and Reggie Brown will be the Trojans' forward offensive.

Supporting the Browns up front will be senior Stevie Ball and sophomores Steve Romanic, Avery Ware, Ravva Clayton and Shawn Mosby.

## Stars Volleyball

### Stars 'confident' about season

Although Clabbe Briggs, second and year coach of the Granite City Center women's volleyball team, has only one returning letter winner on this year's squad, she is confident they will have enough experience to be competitive.

"I think they have really gelled. They seem to communicate and work well together," said Coach Briggs. "Each girl is a well rounded player. They can bump set and serve equally well."

One reason Coach Briggs feels the team might be stronger this year is because this year's squad will contain only recruited players, where last year's first year team was made up of several walk-ons.

"I feel like all the high school coaches have put forth an effort to help get G.C.C. volleyball off the ground," said Mrs. Briggs.

One new player who will prove beneficial to the Stars is setter Jamie Essenpreis of Highland.

"Jamie will bring good strong setting to run our offense. We didn't have that last year," Briggs said. "We will also have a lot of good at-

tackers for her to set."

The attackers that Briggs mentioned include Granite City North graduate Adrienne Pumphrey, Alesia Jones, who is the only returning letter winner from last year's squad, Veronica Williams, of Madison, Letitia Miller of Venice, and Kely Anderson of Edwardsville.

"Kely is such a strong spiker, she excites the team," said the Star coach.

Briggs also mentioned that the defensive skills of this year's team would help them as they begin their 15-game schedule.

"Our main weakness last year was passing," Briggs said. "This year we have worked hard to overcome that. The girls all communicate well and they respect each other's skills on the court."

The one shortcoming Mrs. Briggs does see with this year's team is depth. Although she has six good starting players, she currently has no substitutes.

"I lost two players at the beginning of school," said the Granite City coach. "That's probably my weakness—depth."

Briggs expects her team's

toughest competition to again be from sister school Belleville Area College. The Stars will travel to Belleville Sept. 17.

Forest Park also proves to be a tough competitor for this year's Star squad. That match will be played Sept. 18.

The Stars will begin their season Tuesday, Sept. 11 against Sanford Brown. The match will be at home and will begin at 7:30.

## Trojans Football

# Long on linemen, short on backs

There's two sides to every story, including the one told by Madison football coach Don Smith.

The Trojans' strength this year, according to Smith, is that the team's offensive line is back from last year's squad. Returning are guards Jeff Bridick (5-9, 200 pounds) and Roosevelt Baker (5-8, 200) and tackles Steve Petrosky (5-11, 185) and Darryl Shipp (5-7, 165). All four players are seniors.

"The whole team revolves around our strong offensive line," said Smith. "Usually it's the other way around. Everybody's looking for a line."

Now comes the other side of the story.

"We finally get a line and we lose all our backs," said Smith.

Gone are running backs Shawn Brown, Avery Blockton and Kelly Scrum. Smith said junior Lonzo Nelson (5-9, 160) and sophomore Angelo Cross (6-0, 185) will be the likely candidates to fill the vacancies in the offensive backfield.

"It'll be an advantage for my young running backs to be behind an experienced line," said Smith. "The line can make the holes for them. They'll make it easier for our guys to get through."

THE TROJANS finished at 3-5 last year in their first season under Smith. Considering that the coach took over a team that had a 0-8 record the previous year, Smith's disciplinary style seems to be working. He pointed out that three of last year's losses were by six points or less.

"No one really blew us out," said Smith. "So the teams that we play this year know we're going to be in the game."

"We have a young team with a few wins under our belts. We're looking for a good year—at least a competitive year."

SMITH said he hopes to turn some of the close defeats, such as the 28-24 loss to Assumption and the 9-0 loss to Dupe, into victories this year.

"Our kids weren't accustomed to winning," he said. "They were happy and pleased just to be in the game. But this year we're going for the win."

"You've got to be a hard-nosed type of person to play football. The ones who are toughest at the end of the game are the ones who are going to win."

Calling the signals for the Trojans will be junior Darnell Marshall (5-8, 145), who was the quarterback on the sophomore team last year but saw limited varsity action as backup quarterback to starter Victor Valentine. In fact, Marshall played

primarily as a running back for the varsity squad.

"WE COULD use his talents more as a running back," said Smith. "And I think he'd rather be a running back. But we don't have anyone else we can turn to right now as a quarterback."

Because of Marshall's rushing experience, Smith said the quarterback will occasionally be keeping the ball on running plays.

"He's real strong in his legs and he's got good balance," said Smith. "He's real elusive, real hard to tackle."

The remainder of the team's offense will be rounded out by center James Townsend (5-10, 210), tight end Rouzell Porter (6-1, 190), tight end Darryle McCormick (6-1, 215), and split end Reggie Young (6-0, 175). Smith pointed out that Porter poses a threat as a receiver because of his speed.

"WE WENT to state last year on the 440-yard relay team," said Smith. "There's a lot of speed there that I hope we can use. We'll try to get him in some good pass routines."

Smith said Marshall has a "decent arm, but you look at his size and you know he can't throw the long ball."

"We'll be using him more as a running quarterback than a throwing quarterback," he said.

On defense, the Trojans have returning letterman Perry McCormick (6-0, 230) at tackle. The majority of the remaining players will be serving double-duty from the offensive team—Baker at nose guard, Petrosky at tackle, Darryl McCormick at end, Porter and Bridick at linebacker positions, Young at back, and Marshall at safety. Smith said these players will not likely be used for both offense and defense during an entire game.

"WE'RE too deep in the line," said Smith. "We have a lot of guys who can give these guys a rest from going both ways."

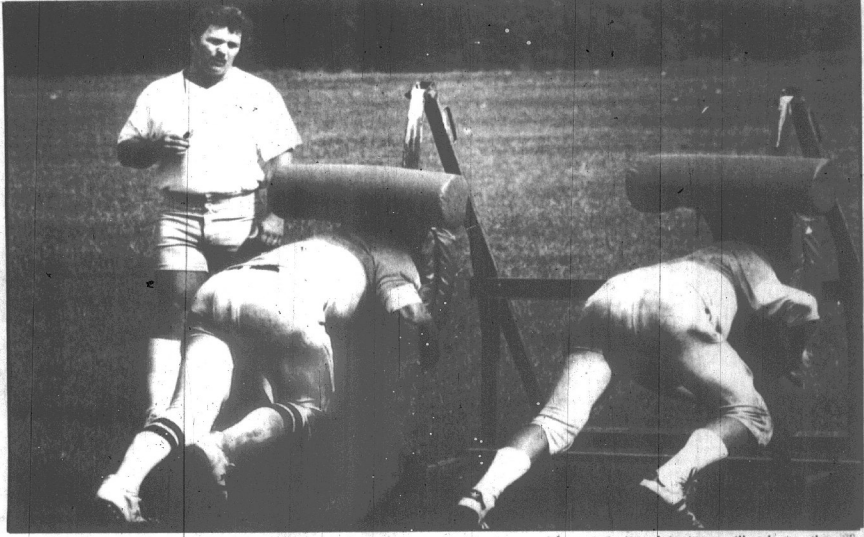

Also slated for defensive duties are end Eric Jacks (5-3, 185), linebacker Earl Walker (6-0, 170), linebacker LaMonte Johnson (5-9, 160), and back Steve Bridick (5-8, 145). Smith said he's expecting a lot of Bridick, a sophomore.

"He's got a good possibility of starting at cornerback," said Smith.

"He's a strong kid body-wise. He's quick and he likes to hit. He tackles hard."

THE TROJANS currently have 30 players—six seniors, 16 juniors and eight sophomores. Smith said he's happy about the high number of juniors, which will make next year's squad one of the most experienced he's ever had.

"Our attitude is better than last year," said Smith, who last season

**HIT IT!** With whistle in hand, Madison football coach Don Smith carefully watches two of his players work on a blocking sled during a recent practice. Smith says this

year's team, with a majority of juniors, will rely on the strength of its returning offensive line.

cut the roster down to 22 players because of discipline problems. "But their attitude toward hard work can always improve. However, their enthusiasm about the game has been good."

The Trojans will open their season Friday night at home against West Frankfort. Action is scheduled to begin at 7:30.

the annual Bronze Boot game between Southern Illinois University at Edwardsville and St. Louis University. The game which is slated for Oct. 26 at Busch Stadium, always includes a high school game prior to the annual meeting of the Billikens and the Cougars.

This year Granite City and CBC will play in that pre-game contest.

"It'll be one of the highlights of their high school playing careers," Baker said of the contest. "It should be one of the premier high school games in the country."

## Trojanettes Volleyball

# A rebuilding year for Madison

Madison High School volleyball team, after graduating all of its varsity volleyball players last season, considers this an important rebuilding year.

Carol Cole, the Trojanettes coach beginning her eighth season, feels that this year's team has a "real desire to learn."

Unlike other years, the girls this season won't cheat on exercises, they don't complain and Cole doesn't have to be concerned about leaving a student in charge.

"THEY WANT to absorb as much as they can and their attitudes are good, even in this heat," Cole said last Wednesday when temperatures soared to the 107-degree mark.

A past coach of Mehlville High in South County and of CoJesus, a parochial girls' school, Cole defines volleyball as "a very specific sport, it's hard."

"It's played exactly a certain way, there are rules for everything and

you're confined to a small area. It's also a very intense and rapid game. That's another thing, reaction time has to be quick," she said.

THE BIGGEST problem for Madison spikers is that the sport is not available to the girls until high school and it takes almost four years to fully develop their skills. "It makes a big difference starting from scratch."

After a 9-12 record last season, Cole replied, "I want the girls to have fun, in the past there has been too much pressure to win. That's not important, it is how well we play." This year's squad of 11 has eight returning players. Cole intends to retain all 21 players while helping them develop their potential skills.

RETURNING players include Robin Brown, Annette Cheron, Lisa Dohman, Kim Gover, Gina Griggs, Angela Riley, Kim Webb and Hearilyn Wilson.

Brenda Branch, Vicki Bridges,

Tina Dew, Dawn Hamm, Laura Hodge, Marie Myer, Cindy Patroski, Irhett Riley, Alisha Roberts, Amy Robertson, Adrienne Soles, Kim Stanley, and Darla Taylor complete the '84 season line-up.

Again, reiterating the desire the girls have to learn and understand the game, Cole said she's enthusiastic about this year's team.

## Cross Country

# McClain in charge after Pete's era

**D**ave McClain, new head coach for the Granite City High School cross country team, has his work cut out for him.

Or, more appropriately, he has his work cut out for his runners.

McClain takes over for former coach Pete Robinson, who left Granite City to accept a teaching position in Nebraska. McClain was Robinson's track assistant last spring and knows what he has to follow.

"Granite City lost a very good educator and coach when they lost Pete," said McClain. "He worked the kids awful hard, but they respected him and liked him."

"**BUT** you don't go and try to fill another person's shoes. We each have our own programs and philosophy."

However, McClain said that there will be no substitute for the hard work that Robinson demanded.

"Cross country is not a real glamorous sport," admitted McClain. "You have to like to run and you have to like to compete. Some people may like to run, but they don't like to compete. In cross country, you have to have that winning attitude."

For the boys team, McClain is hoping seniors Keith Bono and Darren Bernick will take charge of speeding that competitive spirit.

"**I'M** looking for leadership out of those two," said McClain. "I want them to take the bull by the horns and set the tone for practices. The other runners will be looking to these seniors and trying to follow their actions."

McClain said the top seven runners will likely be rounded out by juniors Todd Isom, John Varadian, Bob Shaw, Bob Stroehner and Charlie Porter. McClain said other

runners who appear to have the potential to work their way into the top seven include junior Steve Houston and sophomores Steve Shaw and Derek Drumka.

"**WE** have to have a team effort from the boys this year," said McClain. "We don't have that star, like Jimmy Robertson — not yet, anyway."

Robertson, who graduated in the spring, legged his way to the state finals last year in both cross country and track.

"He was a hard worker who always accepted what you asked of him," said McClain. "You could say, 'We're going to run to Alton and back,' and he'd say, 'When do we start?' He wouldn't complain or question you at all."

"Lara Wiser is the same way. She's a very hard worker, too. She doesn't run as much in the summer, but she gets back to shape so quickly. She's exceptional in that respect."

**WISER**, a junior, will anchor the girls' team. She led the squad at the state cross country finals last year, finishing 16th. The team took 23rd place.

Also expected to be team leaders are senior Michelle Shoemaker and sophomore Sheila Noel.

"All the girls have been running some pretty hard workouts," said McClain. "I'm happy with their attitude. They know what they have to run in order to stay competitive."

Other runners who appear to be in the top category are sophomores Kim Amos, junior Faye Patton, junior Loretta Cox and freshman Lori Pepe. McClain said newcomer Pepe has been the team's biggest surprise.

"**MORE** than likely she'll be in the top seven," said McClain. "She belongs up there time-wise. She's shown us that in practice."

McClain said the toughest competition for the girls will be East St. Louis Lincoln and O'Fallon. But the large number of returning runners for Granite City should help against these competitors, he said.

"One of the team goals for the girls is to go to state," said McClain. "They really should make it out of sectionals."

Other returning runners include junior Julie Hoffman, junior Dawn Young and junior Laney Castillo. McClain said the team also has promise in newcomer Melody Witt.

**McClain** will be assisted this season by Tom Haefer, who worked as Robinson's cross country assistant for the past four years. Haefer said he is impressed with the attitude of this year's squad.

"They came in ready to run," said Haefer. "They seemed more mature, knowing what they wanted to do. A lot of them had been running

**RETURNING RUNNERS.** The Granite City girls' cross country team is expecting a bright season with plenty of returning runners, including from left, junior Faye Patton, sophomore Sheila Noel and junior Lori Pepe. Several other experienced runners are expected to add strength to the team, which made it to state last season.

during the summer, which we stressed was important.

"You have to get the miles in. Once you are strong enough and in condition, then you can work on getting your time down. Your mature runners know the importance of being in shape."

Haefer, like McClain, said success depends on a team effort.

"They know that if things go right, they can make it to state," said Haefer. "They know the job that needs to be done and the hard work that goes with it."

# Warriors

## Golf

**WARRIOR GOLFERS.** Blessed with numbers but not returning lettermen, Russ Chappell, the Warrior golf coach, is left guessing if this team can match last year's accomplishments. This year's team includes (beginning front left) Jimmy Modlin, Patrick Loy, Tommy Brown, Scott Moss, Stacy Stoyanoff, Tim Voyles and Mike McCormick. In the second row are Chris Carden, Todd Richey, Mike Sturman, Eldon Depew, Alan Gerard, Jason Massie, Jeff Isenberg and Mike McConnell. In the back row are Coach Chappell, Tracy Feigbutz, Todd McClew, Bill Gaumer, Dan Graff, Duane Jones, Steve Schatz, Chris Loy, Chris Padgett, and Dave Planitz.

# Chappell finding few returnees

**W**hen the golf season ended last year, Granite City High School golf coach Russ Chappell thought he would have four returning lettermen to help him form the nucleus for this year's squad. However, when practices began this year, Chappell found out that number had dwindled to two.

Three-year letterman, John Tackett, was one of the four that Chappell had counted on for this year's team. However, Tackett's family relocated to Waynesboro, Ky., leaving the Granite City coach with just three returnees.

Frank Hayes was the other letterman who will not be returning to this year's Warrior squad. Hayes decided to transfer to St. Louis Christian School in Collinsville.

**ALTHOUGH** not a letter winner on last year's team, Lee Schreiber, who Chappell described as the probable seventh or eighth player on this year's squad, left another hole for the Warrior golf team when his family relocated to Edwardsville.

The departure of these players has left the team open to several of the younger players. With just one returning senior, Chris Carden, the team will be dominated by under-

classmen. One such underclassman is sophomore Billy Gaumer. According to Chappell, Gaumer should take over the No. 2 spot on the team.

The other returning letterman, junior Mike Sturman, will be starting in the No. 3 spot for the Warrior golfers.

**ALL THREE** of the top golfers participated in the St. Louis PGA summer program for high school golfers.

Granite City is coming off one of its best seasons ever, so topping that mark is something Chappell is looking at realistically.

"Last year we came together with the two schools and we had a lot of people to choose from. There was a lot of talent there," said Chappell. "The moving of people has really hurt us this year. But we can't cry over that. We've just got to do the best we can."

"I don't know if last year's team can be matched. Golf is an individual sport with a team score. We can only hope that the individuals do well. Right now I've got five kids with the potential to break 40."

**AS THE** Warriors re-enter the Southwestern Conference, Chappell

feels that the conference title will be "up for grabs." Although Edwardsville is considered to be the top team in the area, the Belleville schools will now be Granite City's conference rival.

The home that the Warrior coach was referring to is Arlington Golf Course where the Warriors' matches are scheduled.

## Warriors Volleyball

# 'Optimism' key word at GCHS camp

Granite City High School volleyball coach Wilma Schulze is optimistic about her team's chances as they begin this year's season. But then any coach who had four out of six starters returning would have a reason for optimism.

"I think we're going to have a very solid team this year," said Miss Schulze. "We have a good nucleus coming back, so I don't have to be concerned about the lack of experience like I was going into last year's season."

"It's hard to say whether they will perform as well as they did last year, because strange things can always happen, but I think the potential is there."

**COMING** off last year's 13-10 record, the Warriors will have five letter winners returning. Seniors, Anne Puhse and four-year letter winner Michelle Morgan will again serve as the setters for the Granite City squad.

Tammy Jones and Debbie Brandt, also seniors will provide a majority of the Warriors' attack as they return as center hitters.

Junior, Betsy Barrington is the other returning Warrior letter winner. It currently looks as if she will be stepping into one of the outside hitting positions vacated by the graduation of Vicki Smith and Lisa Lilley.

**COACH SCHULZE** also mentioned the possibility of moving Brandt to one of the outside hitting positions to provide more power from the outside. This would also open up the in-

side hitter's position for sophomore, Sandy Sternberg.

Others Coach Schulze named as possible starters for the varsity team include Alicia Melton, Bridget Watson and Beth Werths.

As the Warrior's re-enter the Southwestern Conference this year, Schulze sees no big changes for the volleyball program.

"It's going to be a good solid conference," said Schulze. "I expect East St. Louis to be the toughest, but Belleville West always has a good team."

**THE WARRIOR** coach mentioned the fact that Southern Illinois University at Carbondale, who usually hosts their summer volleyball clinic in Granite City, moved their program to East St. Louis this year, which might help to improve the East Side squad even more.

Another change affecting area volleyball teams is the rule amendment which allows teams to play either the best 2-of-3 games or the best 3-of-5. Coach Schulze feels the rule amendment will benefit her team because it will allow more players to gain varsity experience.

"I think the change is nice because more girls get to spend time on the court. And that experience is so valuable," Schulze said.

**THE BIGGEST** problem the Granite City coach foresees for her team this year is a lack of playing time. Although there are five returning letter winners on the Warrior squad, few of them play volleyball

anywhere other than with the high school team.

"What's probably going to hurt us most is the fact that we only have a few girls who play volleyball outside the season. Teams like Freeburg, on the other hand, have girls who are on the court all the time," said Schulze.

"To compensate for that, our girls are going to have to take all of their practice time very seriously."

Coach Schulze also sees a promising future for Granite City volleyball with the girls she has out for this year's team. In addition to the upperclassmen who have made the team, more than 25 freshmen have tried out for this year's squad.

**VARSITY VOLLEYBALL.** This year's Granite City High School varsity volleyball squad looks to be solid as they combine five returning letter winners from last year's team and four newcomers to varsity action. Front row from left, Coach Wilma Schulze, Anne Puhse, Bridget Watson, Beth Werths, and Michelle Morgan. Back row from left, Sandy Sternberg, Debbie Brandt, Tammy Jones, Betsy Barrington, and Alicia Melton.

## Red Devilettes Volleyball

# Harris hopeful of winning year

Clinton Harris, Venice High School's second new volleyball coach in two years, is attempting to put it all together despite his lack of experience.

This will be Harris' debut as the Red Devil spiker coach. When asked why he accepted the position he laughed, "I've coached everything else so I figured, why not?"

Coach Harris foresees the Red Devils' biggest assets as returning All-Illini Gateway Conference selection Cassandra White and fellow senior Rosetta Harmon. Kim Bell, Lawatha Cooper and Junior Tina White. Junior, Chanty Bradley, a junior varsity standout last season should also be a notable addition to this year's varsity squad.

**ALTHOUGH** Harris is undecided on what formation he will use and he admits he has a great deal of work ahead, he is very optimistic.

"We're going to have a lot of hard practices, but if they'll play good team ball and keep their heads up then we'll do fine," he said.

Struggling to compensate for their weaknesses, lack of experience and height, Harris will spend much time instilling confidence in the girls.

"All young men and women feel

they have to win. I want them to keep their heads up, even if we do lose a few games," he explained.

**ANTICIPATING** their toughest competition to be East St. Louis and Assumption, Venice is apprehensive. They will play their first

game, with only two weeks of practice behind them, against Assumption on Sept. 10.

"Most teams in our conference are pretty tough," said Harris. "After a 9-9 record last year, Harris said, 'If we play .500 ball this year I'll be satisfied.'"

**SPIKERS.** After several cuts, the Venice Red Devilettes volleyball team consists of Wakita Walker, Elione Calhoun, Rosetta Harmon, Gina White and Danita Parks. In the back row are Teresa Petty, Vanessa Ivory, Avis Wiley, Candice Gray and Hannah Lott. In the back row are Chanty Bradley, Yuri Foster, Cassandra White and Wendy King.

### Tennis

# Numbers make a strong tennis team

When a tennis coach loses his number one singles player to graduation, as did Granite City coach Dick Harmon this year, he has a large hole to fill to field a good team.

But despite the fact that Harmon is missing his top singles player, Dina Lombardi, he is confident the team he has this year will be on the competitive level of past Granite City teams.

So far the girls are looking pretty good," said Coach Harmon. "I only lost (Dina) Lombardi and (Laura) Smolar from last year's team, so we should have a lot of depth. The experience will definitely help us."

"Some of the girls have played a lot over the summer, so we've got people who will be representative," Harmon said.

Currently Harmon is unsure who will step into the No. 1 singles spot. With as many as six girls still vying for the top position, Harmon said the spot was still "up for grabs."

Among those competing for the top spot include Andrea Suarez, Sherri Ousley, Angela Pinkston, Dawn Bowers and Linda Briner.

"When you lose your No. 1 everybody else has to move up and that's a pretty big jump," Harmon said. "It's (playing No. 1) not an available position to be in. Some of the schools we will be seeing have some top players."

Harmon feels that the schools that will provide the toughest competition will again be the Belleville schools.

"I think it will be East, West, Althoff, and then everybody else," said Harmon. "We can play evenly against everybody else. That's being realistic about it."

"The Belleville schools have girls who play club tennis all year round. I think getting back into the Southwestern Conference will help the girls see they need to play more if they want to compete," Harmon added.

The Granite City coach also stated that the rejoining of the conference may prove to be this year's team's biggest weakness.

"We can't catch up with them (the Belleville schools) for a couple of years, said Harmon. "But we are starting off on the right foot. We have a lot of girls out for tennis this year. Out of numbers you get a few

**TENNIS WARRIORS.** Granite City High School tennis coach Dick Harmon is very pleased with the number of girls he has out for this year's team. Front row from left, Maria Parra, Linda Briner, Andrea Suarez, Janis Hegnauer, Cindy Bridick,

Lori Hubert, Jaymie Siebert, Jema Gonzales, and Marcia Williams. Back row from left, Dawn Schwartz, Dawn Bowers, Becky Trittschuh, Mary Smith, Beth Suess, Angela Pinkston, Patti Scatturo, Sandy Taylor, Robyn Morlen, and Sherri Ousley.

who are really interested."

One advantage that the Granite City team will have this year will be the returning of its No. 1 doubles team. Seniors, Dawn Schwartz and

Maria Parra will again be filling the top doubles spot.

"They are a really good doubles team," said Harmon. "They've got quickness and they aren't afraid to

take the net."

Schwartz and Parra will be joined by seven other returning letter winners: Briner, Suarez, Bowers, Suess, Pinkston, Ousley and Robyn

Morlen.

The Warriors will play their home meets at the tennis courts behind the school on Grand Ave. Action begins at 4 p.m.

## Trojanettes

### Tennis

# Trojanette tennis team faces difficult, tough '84 campaign

Madison High School girls' tennis team faces yet another difficult rebuilding year. Coach Terry Beer, losing three players to graduation and three to the volleyball team, has only one returning letter winner, senior Joan Miller.

"Joan will be the nucleus that I will build around. She was very influential and got a lot of these girls to come out this year," said Beer. Miller, a most competitive player in Beer's opinion, began last season as a third string doubles player and gained a first string position by the end of the season.

Beer anticipates that the athletic ability and enthusiasm of seniors

Johanna Waller, Grace Reynolds, junior Shari Chast; sophomores Kim Gleaton, Aelanna Browley, Elizabeth Kullen, Lisa Mosley and freshman Carla Reynolds, will compensate for Madison's lack of experience.

"Our problem is that our girls don't play in the summer," he said. "I teach at a club in Missouri so I'm not around to hold a camp. The girls do get some recreational experience, but that's not enough."

Coach Beer would like to see a few more freshmen and sophomores come out so that he might begin building a strong team for future years.

"Usually some girls will go out

for volleyball and if they don't make it, they come out for tennis," he smiled.

With a three-year record of 2-22, Beer foresees a rough season, predicting East St. Louis and East St. Louis-Lincoln to be the Trojan's toughest competitors.

Madison, which does not have an athletic director, is in the process of arranging its fall schedule. Last year, the Trojanettes played an eight-game schedule competing home and away with both East St. Louis schools, Bethalto, Assumption and Waterloo.

When playing at home, the Trojanettes will compete at the MHS tennis courts on the north side of the school. Matches begin at 4 p.m.

**MADISON REBUILDS.** The Madison Trojanettes' tennis team has its work cut out for them, says Coach Terry Beer, now in his fourth year. The Trojan's will be working to build a strong team for future years with the likes of (beginning front left) Grace Reynolds, Joan Miller and Kim Gleaton. In the second row are Aelanna Browley, Carla Reynolds and Coach Beer.

**DONNA JEAN BENNETT** will perform with the Country Music Machine in four shows Saturday during the 25th Annual Fall Festival, sponsored by the Mitchell Athletic Association. The festival runs Friday, Saturday and Sunday and features rides, entertainment, food and refreshments.

**MIKE EVOLA** and Country Fever will perform at 7 p.m. Sunday during the 25th Annual Fall Festival, sponsored by the Mitchell Athletic Association. Food, rides, entertainment and refreshments will be offered at the festival, which runs Friday, Saturday and Sunday in Mitchell.

## 18th Century Craft Fair set at Fort de Chartres

Fort de Chartres State Historic Site at Prairie du Rocher will host an 18th Century Craft Fair, Saturday and Sunday, September 8 and 9, from 10 a.m. until 5 p.m. Numerous crafts will be demonstrated both days by historically clad artisans. The event is free and open to the public.

The aroma of freshly baked bread will fill the air as the 18th Century clay bake ovens will be put into use. The art of making and playing dulcimers and other related musical instruments will be demonstrated. Fine salt glaze pottery, as was once commonly made with a kick-wheel, will be crafted. The great wheel wood lathe will be utilized under the direction of a master cabinetmaker to turn out quality furniture.

Bees wax and tallow candles will be dipped and poured just as they were 250 years ago. It was much more common to drink wine than water in the 18th Century and the vintner of Fort de Chartres will be here making and discussing wine. Treen ware are utensils such as bowls and spoons which were made out of wood. An expert at his craft will be present to demonstrate their construction. Blacksmithing needs no introduction. It is always interesting to watch a master at this craft rhythmically form hot iron as if it were putty.

A scrimshawer is a person that engraves and carves horn, ivory,

and bone and one of the best will be present. It is pledged. The art of shoemaking will be demonstrated as an artisan in this craft constructs straight last shoes. Many commonly used items in the 18th Century were created out of tin and a tinmith will be reproducing or finely made items. Wheat weaving also will be demonstrated. This is a nearly forgotten craft that requires dexterity and patience. Baskets made from oak and maple split will be crafted by an expert in this field.

### Voter registration sessions are slated

Persons in the area wishing to register to vote may do so at the First National Bank in Madison, Friday from 10:30 a.m. until 5:30 p.m. Anyone who will be 18 years of age on or before the Nov. 6 election may register, according to Nick Strang, a deputy registrar for Madison County.

Mrs. Margaret Lee, vice-president of the Madison bank, noted that, as a public service, the bank will make arrangements to register new Madison County voters at least two or three more times before the election.

Strang announced he also will be at the first Assembly of God Church, 24th Street and Grand Avenue to register voters from 4 p.m. to 6 p.m. Sunday.

Persons registering at the church should use the Madison Avenue entrance. "Voting is our duty as citizens of a free country and it only takes a couple of minutes to register," Strang commented.

### MAN ALLEGES HE IS THREATENED WITH GUN

John Williams Jr., 21, of 213 Hare St., Madison, was charged at 8:55 p.m. Tuesday with disorderly conduct and resisting arrest after a Venice man claimed Williams pulled a gun on him.

Police were called to 20th Weaver Ave., when Michael Terrell told them that Williams came up and threatened him with a pistol. Williams, who was still there, came up and started hitting Terrell in front of officers.

Officers had to use force to effect the arrest of Williams. Terrell also told police that Williams tore out some wires under his car hood and that he fired a shot into the air before police arrived.

Williams was released on \$204 cash bail.

### CHARGE ICE CREAM MAN

Bobby Joe Williams, 22, of St. Louis, who allegedly was selling ice cream from a van last week at Kate and Edwards streets, was charged with unlawful sale of ice cream on a public street. Officers went to the area in response to complaints of traffic problems due to children buying the ice cream. Williams was released after posting a \$52 cash bond.

## Upcoming events

### Meetings

**THE OLD SIX MILE HISTORICAL SOCIETY** will meet at 7:30 p.m. Monday, Sept. 10, at Central Christian Church, 3026 Johnson Road. Speakers will be Alma Beckman and Georgia Engleke, discussing the Emmert and Zippel families. The public is being invited. Refreshments will be served.

**MOTHERS INTERESTED IN INFORMATION** about breastfeeding are invited to attend the next meeting of the Granite City La Leche League at 7:30 p.m. Monday, Sept. 10, at 2138 Hamilton Drive. Informal discussion will include suggestions about nutrition for nursing mothers and their families, as well as information about weaning the breastfed baby. For further information, interested mothers may call 931-6774 or 876-2158.

**THE METRO-EAST MUSICAL SOCIETY** support group will meet from 2 to 3 p.m. Sunday, Sept. 9, at the Eden Church of Christ, 902 N. Second St., Edwardsville.

### Classes and seminars

**MADISON COUNTY LANDLORDS** and tenants are being invited to attend a Farm Leasing Seminar at 7:30 tonight, Sept. 6, at the Farm Bureau Auditorium in Edwardsville. The seminar will offer information on farm leasing, lease writing, cost sharing, cash leases and property values.

**ST. ELIZABETH MEDICAL CENTER** will offer classes on diabetes from 7 to 9 p.m. Monday and Tuesday, Sept. 10 and 11, at Cottonwood Rehabilitation and Out-Patient Services in Glen Carbon. Cost of the classes is \$10 per person, and reservations can be made by calling 1-268-3388. The Cottonwood Rehabilitation and Out-Patient Services facility is located in Building 3 in the Cottonwood Professional Park at the intersection of Route 159 and Cottonwood Road.

**FREE MOTORCYCLE RIDING COURSES** will be offered at Southern Illinois University at Edwardsville Friday, Saturday and Sunday, Sept. 7, 8 and 9. The course will meet from 5:30 to 9:30 p.m. Friday, and from 8:30 a.m. to 12:30 p.m. and 1:30 to 5:30 p.m. Saturday and Sunday. In addition, another course will meet Sept. 10, 12, 14, 17, 19 and 21 from 5:30 to 9:30 p.m. Motorcycles, helmets and insurance are provided free. Each student must be 16 years of age, an Illinois resident and possess a valid driver's license or permit. For registration information, students may contact Juanita Gosch at 1-692-2660.

**CERAMIC CLASSES BEGIN NEXT WEEK** at Fermana's, 2100 Cleveland Blvd. A free, adult ceramic class will meet from 9 p.m. Mondays and Tuesdays. A seminar ceramic class will meet from 6 to 9 p.m. Thursdays and a children's ceramic class will meet from 9 a.m. until noon Saturdays. For further information or to register for a class, interested persons may call 451-2017.

### Other events

**ALL GRANDPARENTS IN THE COMMUNITY** are being invited to attend "Grandparents Day" festivities at the Wilson Park pavilion Sunday, Sept. 9. "Destiny," a popular dance band, will provide music from 2 to 4 p.m. Further information may be obtained by calling the Wilson Park office at 877-3059.

**THE 25TH ANNUAL FALL FESTIVAL**, sponsored by the Mitchell Athletic Association, is scheduled for Friday, Saturday and Sunday, Sept. 7, 8 and 9. The Fall Festival begins at 6 p.m. Friday, with Joey James performing in four shows beginning at 8 p.m. The festival opens at 1 p.m. Saturday, with reduced price ride tickets from 2 to 4 p.m. and a weight lifting and body building demonstration at 6 p.m. The Country Music Machine, featuring Donna Jean Bennett, will perform in four shows beginning at 8 p.m. Saturday, while the Knashville Klowns also will perform on the grounds from 2 to 10 p.m. Sunday's schedule begins at 1 p.m. with presentation of softball and baseball trophies. The Youth School of Dance and Baton will present a show at 2 p.m. Sunday, and the Salem School of Dance will present a program at 3 p.m. Lane's Archers also will demonstrate bow and crossbow skills at 4 p.m. At 7 p.m. Sunday, the Mike Evola and Country Fever band will appear in four shows. There will be a variety of games, food and refreshments on the grounds.

**ST. ELIZABETH PARISH**, Pontoon and Johnson Roads, will begin its First Friday Fish Fry from 4 to 7 p.m. Friday, Sept. 7. The menu includes choice of cod fillet or jack salmon, french fries, applesauce or cole slaw and drink. Carryouts are available. **A STREET DANCE**, sponsored by the Knights of Columbus, is scheduled for 5 p.m. Saturday, Sept. 8, at 21st Street and Edison Avenue. Music will be provided by Vince's Internationals. In addition, there will be food, refreshments and games.

**WOMEN 18-YEARS-OLD** and older are being invited to attend a membership drive and social sponsored by the Pontoon Beach Lioness Club. The membership drive will begin at 7 p.m. Sunday, Sept. 9 at the Lions Den, 3901 Lake Drive, Pontoon Beach. Refreshments will be served and a movie shown. Further information is available by calling Ada Conklin at 797-1025 or Laura Papp at 797-6435.

**DREAM FACTORY WILL SPONSOR** a tag sale at Boatman's Bank in Hampton Village, 4901 Hampton St., St. Louis, beginning at 9 a.m. Sunday, Sept. 9. Dream Factory is an organization dedicated to fulfilling the dreams of seriously or critically ill children.

**ENGELBERT HUMPERDINCK** will complete the Munny's StarFest II series of superstars in concert when he is spotlighted at 8:15 p.m. Sunday, Sept. 9, at the Munny in Forest Park. Ticket prices range from \$8.50 to \$18.50 and are available from the box office or at all Ticketmaster locations.

### BLAIR SCHOOL ENTERED

Venice police were dispatched to Blair School, College Street and Mercedia Avenue, Venice, early this week, in reference to a window being open at the school.

Investigation, officers noted an open window on the north side and a forcible entry made on the south side of the building, the screen door being cut. Officers secured the building. It is not known if anything was taken.
